## Senate Labor Bill Blasted By Secretary

Mitchell Declares 'Loopholes' In Act Prevent Protection

WASHINGTON (AP)—The Eisenhower administration, in an unexpected attack, contends a proposed Senate bill aimed at corruption in labor unions is studded with loopholes and on the whole "completely ineffective."

The administration stand was set forth Monday in a statement by Secretary of Labor Mitchell, who said, in effect, the bill is worse than no bill at all.

"We need legislation that will add to, not subtract from the existing protections which the law now provides for union members, individual workers and the public," he said.

Senators John F. Kennedy (D-Mass.) and Irving M. Ives (R-N.Y.), two of the bill's principal sponsors, promptly challenged the administration attack. They denounced it as stemming either from ignorance of the bill's provisions or from political pressure.

In releasing Mitchell's statement, the Labor Department said it represented the administration's views. Mitchell himself is attending a meeting in Switzerland.

Mitchell said the bill, approved last week by the Senate Labor Committee and now awaiting Senate action, follows some of the "carefully developed, reasonable proposals" recommended by President Eisenhower.

But he added: "The proposals as a whole would provide completely ineffective legislation, which would delude the workers of this country and the American public into believing they had protection they did not in fact have."

He said the bill would require him to inspect the books and records of a union suspected of law violation, but would give him no authority to compel testimony, hold hearings or issue subpoenas to get the information.

Mitchell's statement was expected to give new impetus to announced plans by Sen. William F. Knowland (R-Calif.) and others to seek a more restrictive bill providing greater government control over union affairs.

## Two Men Nabbed In Theater Theft

TOWSON, Md. (AP)—Baltimore County police have charged two men with holding up the Titonium Drive-In theater with part of a revolver and an air pistol and getting \$2,061. All but \$150 of the loot was recovered.

Police said William Eugene Neuman, 30, of Edgemore, and John Johnson, 29, of Baltimore, were found lying under a bush near the theater last night.

A hunt turned up about \$1,500 in the woods. Police said another \$500 was found in Neuman's shoe.

## Ike, Macmillan Take 'Copier' To Baltimore

BALTIMORE (AP)—President Eisenhower and British Prime Minister Macmillan arrived today by helicopter on the Johns Hopkins University campus where Macmillan will deliver the commencement address.

The helicopter landed on the Hopkins baseball diamond at 10:43 a.m. after a 30-minute flight from Washington.

## LSU Hearing Voted

## Race Issue Inquiry Set For Professors

BATON ROUGE, La. (AP)—Louisiana State University's president and deans must explain to the Louisiana House of Representatives Wednesday why 53 faculty members oppose segregation in public schools.

The House by a 70-0 vote Monday night demanded the public hearing because the 59 were among 600 who signed a Louisiana Civil Liberties Union petition opposing the joint legislative segregation committee's plan to close schools threatened with racial integration.

Two LSU professors appeared before the House Education Committee earlier in the day to protest the eight segregation bills before they were approved by the committee.

The bills would authorize the governor to close any public schools ordered to integrate, provide for continued pay for school personnel, provide a system of education expense grants to children attending private schools set up as education cooperatives by parents and prohibit local school boards from approving budgets for racially mixed schools.

They also set up a pupil assignment law patterned after the Alabama law upheld recently by a three-judge federal court, provide malfeasance charges against any school official guilty of efforts to bring about integration and eliminate a section of the state constitution held unconstitutional in the New Orleans school segregation case, in an effort to offset federal court rulings.

The House directed LSU President Troy Middleton to bring the college deans to the hearing.

Waldo F. McNeir, LSU English professor, and Dr. Charles Reynolds, law professor, protested the bills before the education group.

## Air Force Fixes August Date In Shoot For Moon

MILWAUKEE (AP)—Lt. Gen. S. E. Anderson, director of Air Research and Development Command, said today that the Air Force will "shoot for the moon" in August.

Anderson said in a news conference the Air Force would fire three "lunar probes" this year. The others are scheduled for September and October, he added.

He declined to disclose the size or weight of the payload the Air Force hopes to deliver. It will not be instrumented and will be intended simply to crash on the moon, he said, giving "some indication" of its arrival.

## Khrushchev Seen Pulling Rug From Under His Rival, Suslov

By THOMAS F. WHITNEY  
AP Foreign News Analyst

Signs from Moscow indicate that Nikita Khrushchev may have pulled the rug out from under his chief Kremlin rival Mikhail Suslov preparatory to purging him.

Suslov is a secretary of the Soviet Communist party's Central Committee, outranked only by First Secretary Khrushchev himself. He is also a member of the Presidium of the Central Committee, the group of top committee members which wields the real power.

At least until recently he headed all the propaganda and cultural work of the Kremlin, was a leading party theoretician and had, from his former task of conduct-

ing relations with foreign Communist parties.

Some evidence indicates that Suslov on occasion has managed with some success to organize opposition in the Central Committee to policies of Khrushchev.

The signs that Suslov may be on the way out are too clear to be missed:

1. He has been absent from public appearances of the Kremlin leadership since May 16.

2. Particularly important was Suslov's absence from the recent Communist summit meeting, which demonstrated beyond any doubt that he had been removed from his former task of conduct-

## Macmillan Urges Curb On Weapons

Calls For Start Toward Peace By Gradual Cutting

BALTIMORE (AP)—British Prime Minister Harold Macmillan called today for a start toward building world peace through a "little by little" approach to discarding all big weapons—atomic and others.

Macmillan's speech was delivered at commencement exercises at Johns Hopkins University, where President Eisenhower was to introduce him as "a great free world leader." Both were given honorary degrees by the school.

Macmillan said the Western world alliance has served its purpose well and must be continued as a shield against Communist aggression.

"Not Without Hope"

"But I am not without hope," he said, "that we may succeed little by little, if not all at once, in making some progress toward the relaxation of tensions in the world."

Macmillan said it would be foolish to expect any summit meeting to bridge the gap between East and West.

He added, however, that "if conditions are favorable and if the will is there they might make, first, a little progress here, and then a little there and so bring us out of a condition of stalemate into one of negotiation."

But he said it can be done "only if both sides are willing. We on our side certainly are willing."

Macmillan said both the United States and Britain have rightly held that a beginning "can be made in controlled disarmament of both nuclear and conventional weapons."

"Control is really the essence," he said.

"Once both sides agree to experiment in this we shall have really made a start. We will have established a beginning of confidence. And confidence means peace."

As he did in an address Sunday at De Pauw University, Greencastle, Ind., Macmillan urged lowering of trade barriers which restrict the flow of goods between countries.

Eisenhower, in his brief introductory remarks, said Macmillan "is respected and admired in all the countries of the world that are freely permitted to know the facts of today's world and personalities."

Presiding over the ceremony was the President's brother Dr. Milton Eisenhower, president of the university.

## Swiss Women Oppose Getting Voting Rights

LUCERNE, Switzerland (AP)—A committee of women was organized today to oppose—and listen to this, men—the granting of voting rights to women.

Switzerland is the last country in Europe where only men can vote. The government wants to give women voting privileges. There'll be a referendum come autumn.

So some of the good housewives got together and cooked up a propaganda campaign against this half baked notion of votes for women.

Two of the main ingredients: If women vote like their husbands their ballots aren't needed anyway. If they vote against their husbands their ballots cancel each other.

Three Missing In Blast Wake

TORONTO (AP)—Two men and a woman were listed as missing today after an explosion blew a 40-foot gash in their four-story apartment house in Toronto's North End.

Authorities said they had no idea what caused the blast which damaged the 30-year-old, 34-apartment brick building. The blast apparently originated in the vicinity of a basement boiler.

Police were investigating the possibility of a bomb. One officer said it was mysterious that the full force of the blast was all in one direction.

## Three Guilty In Attack On N. Y. Teacher

NEW YORK (AP)—Three teenagers were convicted Monday of the baseball bat assault on a teacher who tried to protect his class of 35 boys and girls from robbery in a park.

A fourth teen-age defendant was acquitted. All four are Negroes.

One of those convicted, Kenneth Swanson, 16, was sent to Bellevue Hospital for mental examination as the trial ended in Bronx County Court. Because of the boy's erratic behavior during the trial, the prosecutor joined a defense lawyer in requesting Judge William Lyman to have the boy examined.

Sentencing of the three was set for July 11.

Ralph Boone, 16, was acquitted on all counts in the indictment.

The attack took place in Crotona Park in the Bronx last March 24. The teacher, Arthur Santos, 36, of the Bronx Community School had taken the pupils to the park to play baseball.

Santos, a ministerial student, was punched, kicked and hit with a baseball bat when he tried to protect his charges.

The attackers were accused of annoying his class members and stealing a dime, two pens and a pencil from one of the pupils, Robert Perez, 13. The boy was struck.

Swanson and Richard Curtis, 17, were convicted of the assault on the teacher, the assault on the pupil, robbery and grand larceny.

## Reds Assert GIs Spying

BERLIN (AP)—The East German Communists hinted today that nine U.S. Army men arrested after their helicopter made a forced landing behind the Iron Curtain might be treated as spies.

The East German army newspaper Die Volksarmee said that Maj. James R. Zeller, Mount Joy, Pa., "and his inquisitive team have learned we...will not tolerate at our borders be overflown boldly to carry on espionage."

American officials say the U.S. helicopter, belonging to the 3rd Armored Division in West Germany, got lost in a thunderstorm Saturday and ran out of fuel.

## Delivers Baby 16 Hours After Getting Degree

SOUTH KINGSTON, R.I. (AP)—Sixteen hours after he received a medical degree, Dr. Lawrence S. Higgins, 26, delivered his first baby—quite by chance.

Mr. and Mrs. Jacques H. Delaporte of Hope Valley were on their way Monday to South County Hospital, Wakefield, when it became evident a doctor was needed in a hurry.

They stopped at Higgins' home and he helped in the delivery of a 7-pound, 15-ounce boy. Mother and son are reported doing fine.

Dr. Higgins, who received his degree from Tufts Medical School, Boston, will begin his internship at Rhode Island Hospital July 1.

## Grasshoppers Peril Record Wheat Crop

DENVER (AP)—Eastern Colorado's 110-million-dollar bumper wheat crop faces ruin by the state's worst grasshopper invasion in 10 years.

Nearly nine million acres of rangeland and cropland in 16 counties are already infested. The blight extends into western Kansas, Nebraska, Oklahoma, Wyoming and Montana.

The crisis is nearing rapidly in Colorado's eastern plains where hungry hoppers already have gorged on 10 per cent of the land's wheat.

"A horde of full-grown hoppers could clear an acre of wheat in 36 minutes," State Agriculture Commissioner Paul W. Swisher said today. "The insects have been working on some of the fields for a week."

"When you figure seven hoppers per square yard it becomes a critical problem."

Officials of the states affected are pressing for swift action, both by the federal government and landowners.

Experts say that if the hoppers aren't exterminated by mid-June it may be too late to save the crops.

## Rebels Balk, Spurn Decree By DeGaulle

ALGIERS (AP)—The insurgent Committee of Public Safety rebelled today against Premier de Gaulle's orders to get out of government.

The committee issued a communique opposing de Gaulle's plans for local elections in Algeria within one month and demanded an end to the present system of political parties in France.

The communique was issued with the notation that it had been approved by Gen. Raoul Salan, who was given full civil and military powers in Algeria by de Gaulle.

De Gaulle last Friday, on a dramatic trip here, called for the committees to turn their efforts toward unifying the Arab-Berber and European populations in Algeria.

The committee seized control in this North African territory May 13 and demanded de Gaulle be returned to power in France.

Some committee members sored on de Gaulle, however, when he ignored the insurgents in forming a Cabinet.

Instead, de Gaulle called in many of the leaders of the political factions dividing France.

The 72-man committee also demanded sweeping changes in the administration of Algeria to eliminate all barriers with metropolitan France.

Nicosia, Cyprus (AP)—Thousands of Turkish Cypriots looted Greek grocery stores and fruit stalls today. It was the fourth straight day of violence on the island.

Turks surged into the huge municipal market, which serves most of Nicosia's 50,000 people, and invaded Greek establishments. They took away baskets of fruit, carcasses of sheep and other food before order was restored.

The looting took place during a curfew break allowed so Turks could do their marketing.

## Khrushchev Gets Letter On Proposal

Geneva Site Urged For Conference On Policing Methods

WASHINGTON (AP)—President Eisenhower today proposed to Soviet Premier Nikita S. Khrushchev that technical talks begin July 1 in Geneva on methods of policing any possible future ban on nuclear tests.

The White House made public a letter from the President stating that the Swiss government has agreed to the Geneva site, which Eisenhower said would be preferable to Moscow.

Had Suggested Moscow  
Khrushchev, in agreeing to such talks, had suggested they be held in his own capital.

Eisenhower told the Russian Premier this government would not object to the inclusion of experts from Czechoslovakia and Poland on the Soviet side.

The Western Powers participating, he said, would be the United Kingdom, France, and possibly other countries in addition to the United States.

Eisenhower noted that Khrushchev has indicated the Soviet Union would not object to the inclusion of additional Western nations having experts in the field of nuclear test detection.

With respect to neutrals, Eisenhower told the Soviet Premier that "We have no objection in principle to their joining later in the discussions if it is agreed during the course of the talks that this is necessary or useful."

That might let such countries as India into the talks.

Eisenhower suggested that provision should be made for the talks to continue slightly longer than the three or four weeks which Khrushchev had suggested.

**Letter Outlines Purpose**  
The presidential letter said: "These talks would be undertaken without commitment as to the final decision on the relationship of nuclear test suspension to other more important disarmament measures I have proposed."

Eisenhower's letter proposed that further details for the meeting be handled through normal diplomatic channels, thus terminating the top-level exchange of notes.

British Prime Minister Harold Macmillan, here to confer with Eisenhower, had been informed of the contents of the reply.

**Dulles Says Checking In Red China Possible**  
WASHINGTON (AP)—Secretary of State Dulles said today the United States probably would want international inspection posts within Communist China as well as elsewhere to police any agreement to ban nuclear weapons tests.

U.S. scientific experts have advised him that an adequate system to supervise test suspension would have to cover such areas as Communist China, Australia and the Sahara desert, Dulles told a news conference.

The meeting with newsmen came within an hour of the release of a letter from President Eisenhower to Soviet Premier Nikita S. Khrushchev proposing that technical talks on how to police a test ban begin July 1 in Geneva.

Scientists from the United States, the Soviet Union and four other nations would take part in the talks under arrangements apparently nearing final agreement.

The other four would be Britain and France on the Western side and Czechoslovakia and Poland on the Soviet side.

Dulles said he had conferred with the experts who would represent this country at Geneva, all top-flight physicists, and told them (Continued on Page 2; Col. 4)

### "Wait-And-See" Attitude Cited In Auto Parleys

DETROIT (AP)—The auto companies and the United Auto Workers Union appeared today to have adopted a wait-and-see attitude in their negotiations on new contracts.

The union scheduled bargaining sessions again at General Motors, Ford and Chrysler. No progress was reported from talks at all three companies Monday.

The union indicated it was waiting for the companies to come up with some kind of an offer. The companies seemed to be in no hurry to make one.

Operations were described as normal Monday at plants of all three companies as the industry moved into its second week of producing cars without contracts to cover 500,000 workers.

### Weeks Claims Business Statistics Look Better

WASHINGTON—Secretary of Commerce Weeks today reported that recent business statistics "have looked better than at any time since the decline started last year."

"The field day of the hand-wringing pessimist is about over," Weeks said in a speech to the 43rd National Conference on Weights and Measures.

"If public confidence continues to grow, if business continues to spur the upturn, if government continues to keep away from gumming the works by unsound legislation, the economy should continue to improve."

Weeks acknowledged that the economy "still has some months to go before it recovers complete health," but added, "The outlook is bright for better times later this year."

The secretary noted that business inventories were reduced by 800 million dollars in April. This suggests that many companies must soon go back to the market for new stocks, Weeks said.

He cited these other statistics: Steel mill operations have advanced from a low of 47 per cent of theoretical capacity in April to 61 per cent last week. Construction activity rose 10 per cent in May over April. Employment in May climbed 1,200,000 while joblessness dipped by 200,000.

In a related development, the Associated General Contractors of

America, Inc., reported a majority of its chapters across the country have noted an improvement or a leveling-off of the business recession.

Results of a telegraphic survey indicated that building construction is normal or better in 57 of 83 areas reporting; that highway construction is normal or better in 50 of 59 areas reporting, and heavy construction is normal or better in 38 of 50 areas.

ing of the delegates by Sen. Mary L. Nock (D-Wicomico) as temporary chairman. She is unopposed for a second four-year term to the State Senate and was the first woman known to have served in such a Maryland convention role.

State Party Chairman T. Barton Harrington was tagged for the permanent convention chairmanship.

Only yesterday he had engaged in a battle of publicity releases with the Republican governor.

#### Critical Of McKeldin

Harrington had criticized McKeldin for sales and income tax increases during his eight-year occupancy of Government House, his commutation of most death sentences pronounced during that time, and his trips to Europe.

McKeldin replied the tax increases were approved by the Democrat-dominated Legislature. He asked also whether Harrington would have preferred "a gas chamber governor who would evade the duty of reviewing death sentences."

And he said that, even while in Germany, he was available for an important Board of Public Works vote when "the candidate supported by Mr. Harrington (Tawes)—a member of the board—could not be located."

Democratic leaders were admittedly disturbed by Harrington's statement. They said privately it had left them wide open and acknowledged McKeldin had taken advantage of the opening.

Tawes said he had not been consulted before issuance of the statement, but there was no indication as to whether it would affect Harrington's chances of retaining the state party chairmanship.

### Judge Faces Senate Trial In Tennessee

NASHVILLE, Tenn. (AP)—Judge Raulston Schoolfield appears at the bar of the Tennessee Senate today to answer 24 impeachment articles returned against him by the House last month.

The trial is the climax of action which began six months ago with charges before a U. S. Senate committee that \$20,000 in Teamsters Union funds was paid to fix a union violence case in his court.

The Chattanooga Criminal Court judge will be fighting for his legal reputation and the right to hold public office in the future, but little of his present office remains to be salvaged.

His impeachment by the House automatically suspended him from office pending final State Senate action, and Democratic voters in his county refused to renominate him last week for the new term starting Sept. 1.

In 24 articles of impeachment, the House has charged the judge with misconduct ranging from refusal to step down from the bench during the probe to bribery and interference with grand juries.

# Firemen Find Body Of Boy Water Victim

BALTIMORE (AP) — Firemen recovered the body of a 9-year-old boy from Jones Falls in Northwest Baltimore late last night. Death was attributed to drowning by personnel at Maryland General Hospital.

The body of Dorn Frazier, a Negro, of Baltimore, was taken from the stream in the Hampden section of the city at 11:45 p. m. Firemen with searchlights and ladders had been dragging about 45 minutes.

Northwestern District police said young Frazier was swimming with four companions and they saw him become frightened and throw his clothes into the water. The boy, drowned about 3 or 4 p. m., and the other boys did not tell their parents—so police could be notified—until about 10 o'clock. The stream is 10 to 12 feet deep where the body was found, about 150 yards above the Cedar Avenue bridge west of the Stieff plant.

# Leader Urges Interstate Highway System Addition

GREENVILLE, Pa. (AP)—Gov. Leader has asked the Federal Bureau of Public Roads to add the Washington, Pa., to West Virginia section of the proposed Erie-Pittsburgh-West Virginia freeway to the interstate system.

This was disclosed Monday night by Lewis M. Stevens, state secretary of highways. He spoke at a meeting of directors of the Erie-Pittsburgh-West Virginia Freeway Assn. It was attended by representatives of 10 western Pennsylvania counties.

Stevens said location surveys are progressing on the Erie to Mercer and Washington to West Virginia sections of the freeway. The Mercer to Washington portion is under preliminary design.

The first Swedish settlement in America was made in 1638 on the lower Delaware River where the city of Wilmington is now situated.

# State Seeks Death Penalty

BEAVER, Pa. (AP)—The state says it will seek the death penalty for Theodore A. Pallow, 23-year-old Midland steelworker accused of murder in the fatal shooting of a former beauty contestant.

Pallow went on trial Monday for allegedly killing Miss Rosalie Leis, 21, near her Vanport home last March 23. He had been keeping company with her.

Before calling the first witness, Dist. Atty. Richard Steward of Beaver County told a jury of seven men and five women:

"It is the contention of the Commonwealth that Theodore Pallow murdered Rosalie Leis . . . that this offense is murder in the first degree and that the appropriate penalty is death."

# Freeze Registration

The poll books of the City of Cumberland will remain closed until June 25, seven days after the general election, according to Wallace G. Ulery, city clerk.

## This Lester Boy Already Knows The Moon

NEW YORK—Lester Tobin is sometimes known as the "poor guy's Mike Todd." This is because the poor guy is just as wild as Mike was, but he does it on his own money.

He began his versatile career playing the piano in a house of ill repute at the age of fourteen. He explains that he was too young to know and he needed money.

Lester progressed to fixing flats at an auto shop. Then he was a plumber's helper, a straw hat salesman on the highway, a weight guesser at Asbury Park, N. J.

BY THE TIME he was old enough to go to college, he recalls, he decided to go to college. So he enrolled at Rutgers and put himself through school by working in rubber mills, being a mason's helper, a steamfitter, a heating engineer, things like that.

"Then I was through school and smart, of course," said Lester today. "I became a school teacher, teaching the sixth grade and English and social studies. For me, the money was good."

BUT THE WAR came along. Things were always coming along for Lester Tobin. So he took off four years and nine months from his versatile vocations to fight Japs, and returned triumphant but restless.

"What else should a restless man do but lay bricks, I ask you?" Lester laid bricks until someone offered him a job as pianist on a ship to Europe, which he accepted, of course, and the next his old buddies heard was that he was valetudinarian of his class in French cooking at a ritzy school de cuisine in Nice.

After a term of wine-tasting around Europe, Lester was back in New York being accosted by an old man from Green River, Utah, who said "I know you city guys, I got to watch out for you fellers." To prove he wasn't that kind at all, Lester raised some money to buy a uranium mine in Green River.

"WHILE I WAS out there," he says amiably, "I got myself a beautiful panama hat. That's all. Still have it. Cost me \$40,000, that hat."

Undiscouraged, in the Todd tradition, he returned to New York and was a building engineer for awhile. Then the television show, "Dough-De-Mi," gave him the opportunity to appear as a contestant.

Tobin was on for weeks, longer than any contestant had ever stuck it out. He wound up with \$3,500.

But many thousands of fan letters came in, and he had to answer them all. "Gee, I was so flattered," he explains. Postage cost him \$1,200.

RIGHT NOW Lester is getting ready to open up "SpaceLand," a magnificent educational-amusement operation in an airplane hangar on Roosevelt Field on Long Island. This fantasy of space travel, designed to amuse the kiddies while it beats solid knowledge into their little noggin's, features among other marvels a 123-passenger space ship that takes flights to the moon.

The delightful Lester built it himself.

But he needn't take it. He's been to the moon so many times. (United Press International)

## Mexico Lesson For All Latin-America

WASHINGTON — (NEA) — While the U.S. Senate Foreign Relations Committee is preparing to make a full investigation of relations with Latin America, a quick look at Mexico may be in order.

Mexico is one of the countries which Vice President Nixon did not visit on his recent tour. And nobody south of the border has thrown any rocks at American tourists for a long time. That's just the point. How come?

One reason given for Mexico's advances over all the other Latin American countries is that Mexico went through what the other southern republics are now experiencing — over 40 years ago. Mexico was the first of the American countries to go through what amounted to a socialist revolution. It was 1910-1917 — long before communism became a world factor.

It began as a protest against the dictatorship of old President Porfirio Diaz, who ruled the land for years and kept peace in the best traditions of an old-school dictator.

WHEN MEXICO threw off this old rule, it went all the way. It seized all the big landholdings, including those owned by Americans. The land was distributed to the peasants.

Mexico nationalized its railroads. It drove out 17 foreign oil companies. It put the church in a strait jacket. And Mexican mobs, parading behind red banners, demanded reduced rents, decent wages and a higher standard of living generally.

All this was a reaction to conditions that still exist in all too large a part of Latin America today.

It took Mexico between 20 and 30 years to find out for itself that its equivalent of communism didn't work.

The country still maintains its ultraliberal labor laws and social security system. Its railroads and oil industry are still nationalized. And it is still expropriating and redistributing the bigger land holdings.

But little by little, the Mexicans have been inviting foreign capital to come back in and help them develop their rich natural resources.

IN THE hangover of hatreds for past American blunders in Mexico, no Mexican politician can afford to be pro-American. But none now professes to be anti-American.

This shows up in the campaign which Adolfo Lopez Mateos is now waging for the Mexican presidency in the July 6 elections. This former law professor, now Minister of Labor under President Ruiz Cortines, dares openly to advocate foreign investment in his country.

Being nominee of the dominant PRI revolutionary party, Lopez Mateos' election is assured. He will be the fourth Mexican president in a row who has not been either an ex-general or a semi-reformed bandit. This in itself is an example which other military junta-ridden governments of Latin America can well afford to follow.

This is not to say that Mexico's problems are all over and that it is now a functioning democracy. Mexico still has one-party government. The three minority parties of the extreme right and left have small representation in Congress and smaller influence.

MEXICO'S Vicente Lombardo Toledano, often accused of being a covert Communist, now has more influence in other Latin American countries than he has in his own land. But he has complete freedom to move, speak and write as he pleases.

As further evidence of Mexico's progress towards democracy, the coming elections will be the first in which women will have the right to vote for a president.

COUNTY QUOTA SET—The Veterans Administration in Baltimore has announced that Allegany County's quota of unemployed veterans who will be taken into the Civilian Conservation Corps will be 16. Application must be made in letter or person at Fort McHenry and physical examinations will be conducted in Baltimore. Garrett County's quota was set at four.

FDR PLANS HOLIDAY—President Roosevelt, the busiest man in Washington for the past three months, plans to take his first holiday from his many duties next week. The program calls for a cruise up the New England coast as far as Nova Scotia.

HUGE APPROPRIATION—A bill making available \$3,459,480,908 — most to be spent on public works and the Muscle Shoals-Tennessee Valley project—was rushed before the House today by its appropriation committee. The purpose of the measure was to give the administration enough money to inaugurate the many recovery projects already enacted by Congress and signed by the president.

## Glancing Sideways

NEW YORK — Whenever an off-Broadway play blooms in Greenwich Village and forthwith promises to be a clunker, I leave the premises as fast as the fire laws permit and run in a straight line to 8th Street and the studio of a bearded fugitive from journalism named Sam Kramer.

Visiting Sam Kramer involves certain risks, such as having a small monkey run up your back or a yard-long iguana yawn in your face. You may even warily skirt a deodorized skunk or have a white mouse pick your pockets for crumbs.

But once you have threaded your way through the fauna you reach the worktable of the maestro who, like as not, will be hidden behind dark goggles while playing an oxygen torch on some gold that is running in bright yellow rivers over an asbestos pad.

SAM KRAMER was a journalism major at the University of Pittsburgh and then, in Los Angeles, at USC. He received his degree, achieved a job on a Los Angeles newspaper as a reporter, covered his quota of dull fires and untidy suicides and one day, as do so many reporters, said: "This they can keep."

Sam's dedications were not in that realm. He floundered around the California beaches for awhile, picking up shells, stones, flotsam and, I am reasonably certain, jetsam. The more he looked at his growing collection, the more he thought it would make provocative jewelry.

He wrapped some silver wire around the best pieces, soldered the ends and then there created the modern rage for "caged" jewelry. Every jewelry designer alive who is not a hopeless liar concedes that Kramer was the creator and originator of the fad.

BUT NO SUCH thin triumphs were in my mind the other night. It was June, lovers strolled hand-in-hand through Washington Square, a church bell pealed happily in the distance and I thought of weddings — and Sam. For he is, also, the creator of bizarre, fantastic, eye-smacking, no-two-alike wedding rings for both brides and bridegrooms.

If a plain band of gold is your idea of wedding convention, even if you like a platinum band circled by diamonds, Sam is not your boy. But if you, a brand-new bride-to-be, want a wedding ring that is the only one of its kind in the entire world and never will be duplicated, then Sam is your boy.

WE SAT AMID the chatter of

the monkey this high and talked about wedding bands.

"I think it is ages old," he said. "Skeletons of unbelievable age, with metal bands on the fingers, have been found. Heaven knows how far the ritual phrase: 'With this ring, I thee wed' goes back. The circlet of precious metal as a sign of being wed seems to have been an early concept, perhaps in the first dawn of religious awareness."

"What is not true is that the fourth finger, left hand, has always been traditional. Peoples the world over have used all the fingers, including the thumbs, of both hands as the proper place for a wedding band. The finger has changed but not the idea of the circlet."

"I decided, once I had learned my craft, that a bride had a right to a unique circlet, different from all others extant and guaranteed always to be different. I achieve it by flowing molten gold and letting it find its own paths and designs. Some are solemn, some witty, some odd. But no two ever flow and fuse alike. I have had wedding band orders from as far as Japan and Fiji."

"DID YOU EVER do anything but precious metal work?"

"I have done things for theatres, costume theatre jewelry," he said. "When Jose Ferrer did that show, 'The Silver Whistle,' I did a silver whistle and also a miniature, gem-studded crown for a rooster. I provided stage rings and ornaments for an opera tenor who does not want his name used, and who wears them at the Met. At every performance he sings. Once I did rings and pendants for a Shakespearean company here in New York. Not precious metal, but it looked it. I've furnished ear ornaments for certain dramatic roles, when an actress felt that a design enhanced the character."

HE IS PROUD that he has discovered a lasting way to oxidize gold, a trick that has defied most jewelers through the centuries. His oxidizing won't wash or wear off. He also has an economic bent: he will stud a wedding ring with one diamond or a perfect pearl — "combines engagement ring and wedding band in one piece," he said. "Saves money."

But his fun and the freest flow of his talents is in creating jewelry that combines stones, false taxidermy eyes, bits of this and that, even small branches of coral, all in odd, piquant shapes dictated by the unpredictable flow of the molten metals.

## Reporter's Notebook

NEW YORK—Who took the glamor out of show business?

"The stars themselves," said Vivian Blaine firmly.

"They did it by letting down the bars of privacy and inviting the world into their homes. Of course, a star has to have a home life, or his existence is pretty vacuous. But I doubt that show business has been enhanced by allowing the public to come behind the scenes and see what makes a star tick in every aspect of his life."

"What show business needs is a little more mystery."

Miss Blaine, who provides some of the more uproarious laughs in the hit Broadway musical, "Say Darling," also thinks many stars are getting entirely too folksy in their attire.

"MOVIE STARS, male or female, make a big mistake in going around sloppily dressed," she remarked. "The fans look at them and ask, 'This is glamor?' I don't say you have to be glittering all the time, but you certainly should be neat and well-groomed."

"Viv" feels the American housewife, as well as stars of the stage, screen and television, could do with a bit more sprucing up.

"Women should dress up more—even if the only one who sees them during the day is the grocer," she said. "There is such a thing as self-respect and self-discipline."

"You can't let yourself go. If you let one thing go, everything can go."

Everyone, she believes, does well to create at least some aura of mystery, and to retain some area of personal privacy.

"SHOW BUSINESS today has become everybody's business," continued the sprightly blonde singer, frowning.

"While fans are flattered to think they are in the real know, they also miss something—the chance to idolize and realize. If there is no mystery left, there is nothing to idealize."

How can the old glamor of the entertainment world be restored?

"I doubt if much can be done now," said Vivian frankly. "It would be a long and subtle process."

"You can't do it any more by having a star hide behind a wall. That would only make Mr. and Mrs. American Public break out laughing."

"They have tried to bring back the glamor bit, as in the case of Marilyn Monroe. But how? I'll bet the bust, waist, and hip measurements of Greta Garbo and Pola Negri weren't widely published. Their glamor was based on a sense of mystery."

## Washington Scene

WASHINGTON—An old sportswriting sidekick of mine, who traveled with his first athletic aggregation under a Pullman seat instead of on it, lumbered into my ratpit today and announced cold-bloodedly that he was running for Congress against Zsa Zsa Gabor's press agent.

I told Francis Wallace I couldn't recall any congressman ballyhooing for the exotic keeper of the chinchillas and he said he was referring to Rtp. Wayne L. Hays, of the 18th district of Ohio. I suggested to Mr. Wallace that he must be under some misapprehension because my recollection was that Rep. Hays had said things about Miss Gabor that, even in the most uninhibited press-agency circles, were considered something less than coveted publicity.

"Well, he got her a big splash in the papers, didn't he?" argued Mr. Wallace. "Wasn't that what she wanted?"

I REPLIED THAT I was not privy to Miss Gabor's desires, either public or personal, but that I was eaten with doubts as to whether Rep. Hays had intended to further her interests.

"Well," persisted Mr. Wallace, "after she accepted the \$17,000 chinchilla coat from the son of Dominican dictator Trujillo she could have maintained a maidenly reticence, but instead she made the most of it, and Rep. Hays helped her out. But I concede there may be two schools of thought on this, so I am not making it my main campaign issue."

"I would like to hear your principal issue," I said. "When we were covering sports together and you made us all fiscally jealous by selling a hit book and movie called 'Kid Galahad,' your main issue was that Notre Dame could lick anybody, world without end. What will be your major lever in attempts to unseat an incumbent who has held onto his seat for ten consecutive years?"

"I am charging him with being a champion."

"A champion?"

"Yes. A champion junketeer. He was out of the country 106 days last year—and there were only 365 days in the year."

"But," I objected, "when you were doing the annual 'Football Preview' you would travel anywhere, although your preferred destination was always Notre Dame, Indiana. Do you now intend to be a stay-at-home?"

"If elected I intend to be a stay-in-Congress," replied Mr. Wallace. "I believe that a congressman's place is in the House."

I SAID I DID not want to be considered nosy, but I was curious to know which side he was on. Mr. Wallace said he had won the Republican nomination; and that his opponent had been renamed by the Democrats. He admitted it was going to be tough battling a 10-year incumbent in a Democratic year, but that he thought he had more than a fighting chance because the district, which is along the Ohio River, has more registered Republicans.

The reformed sportswriter said it would be nice to have a seat because when he was student publicity man for the Notre Dame football team back in 1923 they never had enough money to buy a railroad ticket for him so he had to stow away under a seat by day, and a berth by night.

In these days of highly paid and over-indulged publicists this seems incredible, but there wasn't the money in college sports then. In fact, that year Notre Dame played Army at West Point and its whole end of the gate, which had to pay for transportation, meals, liniment, and everything, was just \$1,000.

If Francis Wallace wins, he will be the only sportswriter in Congress. It will be interesting to see him covering the plays.

## Shock That Kills

THE DEFENSE appropriation bill born in the House of Representatives provides—at 38.3 billion dollars—some 4 billion more than Congress voted last year and 113 million more than President Eisenhower asked. Yet there are a lot of sober warnings that it isn't enough. One recent word came from Rep. George Mahon, whose subcommittee spawned the new measure. What alarms him is not so much the fact that more money may not be voted for defense this year as that he thinks the American people have slipped back into apathy and complacency.

THE SOVIET satellite launchings last fall stirred the nation to real concern and the beginnings of action. But as time has passed and we have shot up our own earth satellites to compete with the Russians, the mood has changed. Comments Mahon: "Now the hysteria is gone, the anger has cooled, and the determination has been blunted. Our emotions and resolves have run the whole gamut from the peak of awareness and urgency to the humdrum plane of complacency." In his view this reversion is a matter of the deepest import for America's future. For he, like many others, including numerous scientific and technical experts, believes that the Russian threat in the military-scientific field is steadily increasing and is bound to become more serious in the next few years. No one rises to support this is not so. To the contrary, support for this argument grows.

CAPT. ROBERT C. Truax, a Navy rocket specialist, writing in the magazine Astronautics, says flatly this country hasn't got an integrated space program and isn't even planning one. Without this, he says, "We not only will not overtake the Russians but the gap will continue to widen until they are truly masters of space as England was master of the seas in the last two centuries. The peril we face has been testified to again and again. But there seems to be no man or men prominent on the American scene who can keep the American people unceasingly alert and responsive to their danger. They appear to react only to severe shocks. The trouble is, one such jolt might come too late. It might be the shock that kills."

## Eglantine's Entry

EGLANTINE WEEDE, who won fame last year as the best-dressed secretary in the entire wigdit industry, is no mere clothes horse. Eglantine designs. She is going to try for Best-dressed Wigdit Secretary of 1958 with a wardrobe of her own creation. The dress upon which she bases her hopes might be called a reverse trapeze. Instead of spreading downward in a sort of off-the-shoulder pyramid, like the ordinary trapeze dress, this one grasps the wearer firmly at mid-calf and widens to a mighty flounce at shoulder level. Wearing a test model at a recent preliminary showing, Eglantine resembled a partly opened umbrella standing on its point. There are a few structural details to be worked out yet—and a couple of anatomical problems, such as what to do with the arms. But Eglantine has confidence that she will triumph and go on to defeat all competition. Our mentioning these things should not be taken to indicate favoritism. We say, let the best girl win. But Eglantine's dress is of general interest because, in view of the well known feminine weakness for garments strange and wonderful, the inverted trapeze might just catch on. The wigdit industry has much to answer for.

## New Aristocrats

THAT NOW FAMOUS secret meeting of top national gangsters last fall at Apalachin, N. Y., must have been the biggest mass gathering of criminal leaders in world history. Hardly a criminal of any consequence is apprehended these days who is not rumored to have been present at the great conclave. That was the meeting, remember, where the underworld was supposed to have plotted general strategy for their "big take" in the years ahead. If this sort of thing continues, having been at Apalachin is going to be just about as important a credential to a gangster as coming over on the Mayflower was to the early Americans. The fellow who didn't make the Apalachin guest list probably doesn't have much of a future in crookdom. He'd better look around for another game. He might even try going straight.

## Mace Missile 'Jam' Attempt Termed Flop

HOLLOMAN AIR FORCE BASE, N.M. (AP)—Repeated attempts to "jam" or confuse the Air Force's guided missile Mace have failed.

The Air Force said the Mace, using a new guidance system called Atran, was tested in a series of 650-mile flights from Holloman to Wendover Air Force base, Utah.

The Mace is a jet-powered 650-mile-an-hour tactical missile capable of carrying a nuclear warhead. The Atran guidance system does away with the need for ground control.

## Democrats Go To Polls In S. C. Test

COLUMBIA, S.C. (AP)—South Carolina Democrats vote in primaries today for a gubernatorial candidate and for six nominees to the U.S. House of Representatives. Election officials anticipated 300,000 of the 539,000 registered party members would ballot. Its results, barring runoffs, are considered tantamount to election in this overwhelmingly Democratic state.

Contending for the nomination to replace Gov. George Bell Timmerman Jr. are Lt. Gov. Ernest F. Hollings, Mayor William C. Johnston of Anderson and Donald Russell, former president of the University of South Carolina.

Timmerman is ineligible to succeed himself under a one-term rule.

## Plastics See Another Year Of High Sales

New Products, New Uses To Help Boom, Industry Predicts

By SAM DAWSON

NEW YORK (AP)—The plastics industry, busily raiding markets once served by metals and other materials, thinks some new plastics and new uses will assure it another year of rising sales.

The Society of the Plastics Industry reports that 1958 sales so far are either keeping pace with 1957 or exceeding last year's figures by as much as 40 per cent in some companies.

Another segment of the industry, plastic pipe, which has seen sales boom from a 1/2 million pounds in 1947 to 58 million pounds in 1957, predicts it will sell 60 million pounds this year for around 50 million dollars.

Research, Production Gains SPI credits much of the gain in plastic sales to the last two years of research and production progress which are now bearing fruit. The society will put much of this fruit on display in November at an exposition in Chicago.

But part of the gain in use of plastics has been sparked outside the industry of late by manufacturers seeking ways during the recession to cut costs, both of materials and of production processes, and to bolster retail sales by redesigning old products or introducing new ones.

Here is what some mold manufacturers say about new demand for both new and old products:

**Higher Auto Demand** Capac Industries, Capac, Mich.: "Increased demand from the automotive industry for molded housings for heaters and duct couplings, and heavy demand for plastic packaging and special heavy wall plastic products."

General Industries, Elyria, Ohio: "We are molding plastic parts for a greater number of different industries and in fields we never thought would be the substantial users of plastics they are."

Erie Resistor, Erie, Pa.: "New processes for metallizing plastic are winning important acceptance in appliance and automotive fields."

Newark Die Co., Newark, N.J.: "We have a larger amount of government work for the missile program this year, and a considerable pickup in civilian merchandise inquiries."

A. L. Hyde Co., Grenloch, N.J.: "New designs capable of molding highly complex parts at lower cost is increasing dollar volume."

**Caltex Will Export Oil From Sumatra**

TOKYO (UPI)—The California Texas Oil Co. will increase crude oil exports from Sumatra next month when it officially opens its new oil terminal at Dumai in central Sumatra, the independent Indonesian news agency Antara said today.

It said the new harbor "was built by Caltex as part of its extra investments of 50 million dollars started in 1957."

Caltex produced and exported 145,000 barrels of oil daily in 1957, the news agency said.

The nine-foot wingspread of the California condor is larger than that of any other North American land bird.

## West Virginia Officials, Firms Discuss Mass Appraisal Of Property Plans

CHARLESTON (AP)—The State Tax Department met with representatives of appraisal firms today to work toward solution of the problems posed by the approaching mass appraisal of property in West Virginia.

Nineteen firms from 14 states were invited to exchange opinions with the department on how the statewide appraisal of property provided for by the last Legislature should be carried out.

The first contracts to appraisal

firms will be awarded next month. The 1 1/2 million dollars appropriated for the first fiscal year of the program will become available July 1.

The Legislative act requires the appraisal of all real and personal property in West Virginia, barring

that owned by public utilities; to provide a uniform basis for making tax assessments. It stipulates that appraisal firms be employed for the valuation of industrial and commercial property.

E. G. Haislop, director of assessment equalization, explained that

the problems involved by the appraisal of private firms whose business appraisal are immense, and advice it is to deal with them will help better carry out the program.

## Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Relieves Pain, Stops Itching as it Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers

made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee.

## Music And Arts Club Closes Season With Opera Program

A program featuring Opera and Oratorio marked the final meeting for the season of the Music and Arts Club last night at the home of Mrs. R. Monroe Harris, National Highway. The recently elected officers were installed and plans discussed for next year's programs.

Miss Dorothy Willison was installed as president; Mrs. Herbert Lohr, vice president; Mrs. Ivan Hall, treasurer; Mrs. Allan Macy, recording secretary, and Mrs. John Lower, corresponding secretary. Mrs. Frank Stuart Rowe officiated at the ceremony.

Mrs. John B. Zornig, mezzo-soprano, and Mrs. Robert Clarke, pianist, presented the program, which opened with the Hymn directed by Mrs. Allan D. Macy, with Mrs. Samuel T. Weatherholt at the piano.

Miss Willison was program chairman, giving sketches from the operas and oratorios represented.

Mrs. Zornig, accompanied by Mrs. Clark, sang a group including Aria di Polissena, from Radamisto, Handel; and "Woe, Unto them Who Forsake Him," from Elijah, Mendelssohn.

Mrs. Clarke played "Concert Paraphrase," from the Opera Rigoletto, Verdi, arranged for piano by Lizz.

Mrs. Zornig closed the program with "O Mio Fernando" from La Favorita, by Donizetti.

Mrs. Howard Irwin conducted a short business session and presented the gavel to Miss Willison. Co-hostesses with Mrs. Harris were Mrs. Robert Gormer, Mrs. Robert Williams and Mrs. Lohr. The table was centered with an arrangement of spring flowers and candles. Refreshments were served by the hostesses.

Guests were Mrs. Frederick A. Puderbaugh Jr., Wellington, Ohio; Mrs. Walter Schack, Mrs. Paul

Castelle, Mrs. Albert Eskin, Mrs. Robert Hainsfurther, and Mrs. Arthur Verner, city.

Members attending were Mrs. William L. Keller, Mrs. Carl A. Sanders, Mrs. Duke W. Burger, Dr. Elizabeth Brings, Mrs. Witter Richards, Mrs. E. F. Avers; Mrs. James L. Grosh, Mrs. Robert Bittle, Mrs. Thorner Smith, Miss Carole Reith, Mrs. Kenneth Wolf, Mrs. Dana McKinney, Mrs. William B. Ludman, Mrs. Vernon Cost and Mrs. M. Monroe MacKenzie.

**NSA Chapter Installs Officers**

At a recent meeting of Algonquin Chapter, National Secretaries Association, at the Ali Ghan Country Club, members were enrolled and officers installed.

A dinner, with covers laid for 35, preceded the meeting.

Miss Dorothy Lee Campbell was inducted as president; Miss Patricia Golden, vice president; Mrs. Wilma Chenoweth, recording secretary; Miss Kathleen Helker, corresponding secretary; and Mrs. Mae Richardson, treasurer.

The new members are Miss Patricia Northcraft and Mrs. Mary Swan, Miss Fay Ann Sachs, a member of this year's graduating class of Ridgeley High School, and winner of the annual Secretaries' scholarship to Catherman's Business School, was a guest.

It was decided to have a picnic during the summer, with the social committee in charge. Business meetings will be resumed in September. Concluding the evening games featured the entertainment, with Miss Golden and her committee in charge.

## Mr. & Mrs. Shires Will Observe 50th Wedding

Mr. and Mrs. Thomas A. Shires, Park Heights, will observe their golden wedding anniversary tomorrow. They were married June 11, 1908 by the Rev. George Shaw, rector of Holy Cross Episcopal Church, at the home of Mrs. Shires' parents.

Mrs. Shires is a daughter of the late Benjamin W. and Sarah W. (Mitchell) Deffenbaugh of Cumberland while Mr. Shires is a son of the late Hervey P. and Rachel M. (Ramsey) Shires of Bedford.

Mr. Shires, who was formerly employed by the Western Maryland Railway and the Crystal Laundry Company as an accountant, has been retired for a number of years.

They were guests Sunday at a family dinner at the Ali Ghan Shrine Country Club given by their sons, T. Donald Shires and Hugh D. Shires of Cumberland, and their daughter, Miss Dorothy W. Shires of Baltimore.

Among the guests were Mrs. Shires' sister, Mrs. George H. Hepburn, Baltimore, and Miss Emily Shires, Bedford, a sister of Mr. Shires.

# Nine Candidates List County Primary Costs

Nine more candidates in the recent Allegany County primary have filed expense accounts at the Court House with Joseph E. Boden, clerk of court.

State Senator Charles M. See, who defeated George R. Hughes Jr. for that post in the Republican primary, expended a total of \$707.37 and Sheriff Edward R. Muir spent \$416.50 in his bid for return to office. He gained the GOP nomination.

Senator See's report showed \$25 filing fee and \$682.37 advertising. His contributions included \$100 each from J. Wallace Close and Ernest Fitzwater, \$25 from Morris Baron and \$10 each from Woodrow W. Gurley and C. A. Liller.

Sheriff Muir's expenses included \$211.50 advertising, \$180 for autos and workers and \$25 filing fee. Simeon W. Green, also successful Republican candidate for

county commissioner, indicated his total expenses were \$549.30 including \$25 filing fee, \$224.40 advertising, \$300 autos and workers.

He said he received no contributions although seven cars were donated.

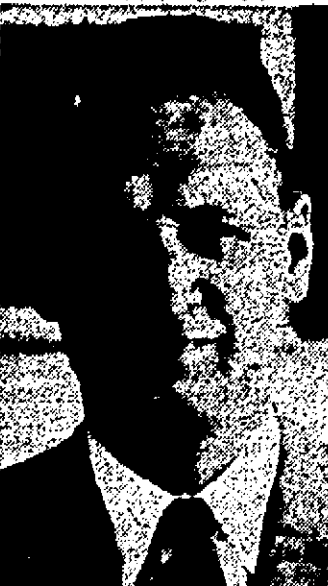

Lester B. Reed, successful Republican candidate for the House of Delegates, reported expenditures of \$272.95 including \$247.95 advertising and \$25 filing fee.

Okey E. Michael, former Mayor of Westernport, a defeated Republican candidate for county commissioner, spent a total of \$163.01 including \$138.01 for advertising and \$25 filing fee. He said William Seaber, of Westernport and John Street, Cumberland, contributed \$10 each toward his campaign.

John J. Rowan, successful Democratic candidate for county commissioner, reported he spent a total of \$92 including \$57 for advertising, \$25 for filing fee and \$10 pictures.

William Walsh, Democratic candidate for House of Delegates, reported a filing fee of \$25 while Edgar M. Lewis, elected to the Republican State Central Committee, reported \$10 filing fee.

Thomas W. Williams, also elected to the Republican State Central Committee, reported a total of \$40 including \$30 advertising and \$10 filing fee.

## Flood Control Funds Approved

An appropriation of \$1,751,000 for the Cumberland-Ridgeley flood protection program has been approved by the House Appropriations Committee.

This is the same as recommended for the project in President Eisenhower's budget.

The local project was scheduled for completion this December, except for minor clean-up work. Late spring floods, however, have delayed the work.

Recent estimates of cost were not available, but the project is expected to cost about \$18 million in federal, city and county funds.

## Missile Test Said Success

CAPE CANAVERAL, Fla. (AP) — Another Bomarc missile, the nation's key air defense weapon, has streaked over the Atlantic in an apparently successful test.

The Bomarc launching Monday was the latest in a series to develop the ground-to-air interceptor for operational status. More than 40 of the Boeing missiles have been fired from the Air Force test center since the program began.

The swift cruise missile is designed to seek out and destroy enemy aircraft as far as 300 miles from U. S. shores.

## Gas Franchise Of City To Be Filed With PSC

Cumberland and Allegheny Gas Company notified the Mayor and Council yesterday its franchise with the city is to be filed with the Public Service Commission.

The notice, which was ordered filed, noted that unpaid gas bills prior to last December in the amount of \$4,002.64 have been cancelled and that bills for service since that date will be forwarded for payment.

Last week the city accepted a check for \$3,500, the annual franchise fee. Gas supplied by the company in lieu of a franchise fee has been averaging about \$2,400 a year.

George E. Davis, city collector, yesterday reported May receipts of \$75,644.80. Included was \$30,954.51 for taxes and \$42,021.60 for water and sewage treatment services.

Parking meters brought in \$714.22 for the week ending June 4.

city officials were told, a decrease of \$124.08 from the previous week. The drop was attributed to the Memorial Day holiday.

## Police Charge Motorist With Manslaughter

### Andrew Chupek Posts \$500 Bond In Death Of Piedmont Man

The State's Attorney's office yesterday afternoon charged Andrew B. Chupek, 35, Kenners, Pa., with manslaughter by automobile in the highway death May 17 of Frank Junior Mayhew, 24, Piedmont.

The Pennsylvania man was released from Memorial Hospital yesterday, where he had been a patient since the fatal auto crash. The accident, which also injured Mrs. Junie Ellen Bennett, 21, of Piedmont, occurred early in the morning on State Route 135, about a half-mile east of Westernport where Chupek had been residing while working in the Tri-Towns area. He was identified as the driver of the car.

Assistant State's Attorney Donald W. Mason said a statement was obtained from Chupek at the hospital yesterday before he was released. County Investigator Edwin R. Lilya and Mrs. Carol Fritz, secretary to the state's attorney, visited the hospital to obtain the statement as Chupek still is recovering from back, head and internal injuries received in the accident.

Members of the man's family attended the preliminary hearing yesterday before Magistrate J. Milton Dick who set the bond for the defendant's appearance at a later date for trial.

The state's attorney's office said a date for the hearing will be set when Chupek is sufficiently recovered from his injuries to appear in court.

The manslaughter case will be the first to be heard locally in the lower court in many years. Previous policy by former state attorneys of Allegany County has been to present this type of case, a misdemeanor, to the grand jury for indictment.

However, State's Attorney James S. Getty said that he intends to dispose of all such cases as quickly as possible in the lower courts unless a jury trial is asked.

State Trooper L. Wayne Lewis investigated the accident which occurred when the automobile in which Chupek, Mrs. Bennett and Mayhew were riding hit a dirt shoulder along the road and crashed over a steep embankment.

## Dr. Gorman To Head Red Cross Unit

Dr. John T. Gorman, this city, was named chairman of the Red Cross water safety committee last night at a meeting in the local Red Cross office.

Eugene Mason, city recreation director, was appointed co-chairman, and Mrs. John McGuire was elected secretary.

According to C. M. Sanner, Red Cross chairman, the meeting was attended by representatives of the public school system, county 4-H and Future Farmers organizations, the YMCA, the Red Cross, city recreation department and a number of life saving and swimming instructors.

The committee considered plans for a program of classes

this summer at Constitution Park (available and have necessary RC certification).

A class of adults will start at Constitution Park June 23 from 6:30 to 8:30 p.m. Interested adults who want to learn to swim may call the Red Cross office for details.

Classes in swimming, junior life saving, senior life saving and survival swimming will also be organized during the coming weeks, Mrs. Legge said.

There are a number of qualified instructors available, she noted, but more can be utilized by the Red Cross if they are

## Local Navy Recruiters Enlist Four

The Navy recruiting station in Cumberland has enlisted four area men who have been assigned to the Great Lakes Naval Training Station near Chicago for basic training.

Edwin Malcolm Russell, 20, of 38 North F Street, Keyser, enlisted for four years in the electronics field. He is a graduate of Keyser High School and a son of Mrs. Mary Malcolm Russell Palmer.

George Truman Stroup, 17, a former Fort Hill High School student who resided at 109 Polk Street, but now resides in Baltimore, came here to enlist while visiting relatives. He is a son of Mr. and Mrs. Ronald Howard Stroup.

Elwood Junior Keplinger, 17, Moorefield, W. Va., a graduate of Moorefield High School, enlisted for a minority period. His parents are Mr. and Mrs. Joseph Frederick Keplinger.

Allen Francis Hockaday, 17, son of Mr. and Mrs. Edgell David Hockaday at RFD 2, Keyser, W. Va., enlisted for a minority period in the electronics field. He was graduated from Fort Ashby High School.

### Older 4-H Youth Will Plan Camp

The Allegany County 4-H Older Youth Club will meet tomorrow at 8 p. m. at the office of James B. Arnold, assistant county farm agent.

Plans will be discussed for a week end camp. Miss Mary P. Wise, home demonstration agent, will attend the meeting with the 4-H girl members.

## Area Camping Trip Of 4-H Boys Listed

The annual Boys 4-H Club camp for members of clubs in Allegany, Garrett and Washington counties will be held next month at the Western Maryland 4-H Club Center at Bittinger.

James B. Arnold, assistant county farm agent in charge of 4-H work, is director of the camp this year. He said the week's program will begin on July 13 and the boys will break camp on July 19.

Several days ago he met with James McHenry, Garrett County farm agent; Rankin Lusby, his assistant; and Richard Shukraft, assistant agent of Washington County, to work out final plans and details including job assignments for counselors.

This year, according to Mr. Arnold, a "full camp" is expected with a total of 120 participants. The age group of boys is from 10 to 21 years.

Interested 4-H boys are reminded reservations must be in Mr. Arnold's hands by July 1. His office is located in the Court House. The campers will sleep in regular cabins and will have a central mess.

## Man Charged On 5 Counts By Officials

Listed Brother's Name When Held On Motor Violations

A Severn, Md., man, who attempted to fool local police authorities, will be returned to Cumberland tomorrow to face four motor vehicle charges and a criminal count.

Donald W. Mason, assistant state's attorney, issued the five warrants for Donald Lee Barker, 29, charging him with reckless driving, operating a motor vehicle under the influence of liquor or drug, failing to have a registration card in his possession, operating a motor vehicle on a revoked license and providing false information to police authorities.

The case first developed on March 1 when City Police Officer James Bolyard apprehended a man who gave his name as Charles P. Barker of Severn, Md. He was charged with driving under the influence, reckless driving, operating without a registration card and operating without a license.

Since the man was without a license, police could only accept his word as to his name and address, Mason noted.

The man was taken to Police Headquarters where he posted \$225 bond for a hearing in Trial Magistrate Court. Six days later he forfeited the bond in Trial Magistrate Court.

After the Department of Motor Vehicles of Maryland was notified of "Charles P. Barker," convictions, they in turn notified "Charles P. Barker" that his license had been revoked.

Charles Barker then informed the department that he had not been in Cumberland, and couldn't be guilty of the motor vehicle violations.

Has Long Record  
Officer Bolyard began an investigation of the case, along with the Maryland State Police, and after he received a picture and description of Donald Lee Barker it was determined that it was Donald and not his brother, Charles, who had committed the violations.

The State's Attorney's office then issued five warrants against Donald Lee Barker who was apprehended last night by the Anne Arundel County Sheriff's Office.

A representative of the local sheriff's office will leave tomorrow to return the man to Cumberland, to face the five charges.

Mason pointed out this morning that the man has a motor vehicle record dating back to 1953 and includes 10 convictions, including a previous charge of driving under the influence and operating on a revoked license.

## Miss Marty Wins Contest

Marilyn "Jane" Marty, 19, daughter of Mrs. Mary Marty, has been chosen as "Miss Willy Ford Volunteer Fireman" and will compete in the state finals during the West Virginia Volunteer Firemen's convention in Romney next month.

Miss Marty is a graduate of Ridgeley High School and attends Potomac State College, Keyser, where she is majoring in elementary education. Her hobby is reading and for other recreation she likes basketball and dancing.

Runnerup in the contest were Joyce Wilkins, Ethel Shepherd and Barbara Johnson.

GRADUATES — S. Wayne Wyatt (above), son of Master Sgt. and Mrs. S. H. Wyatt, Little Rock Air Force Base, Ark., formerly of Cumberland, was a member of this year's graduating class of the U. S. Military Academy at West Point. He is the grandson of Mrs. Baird Wolford, 709 Shriver Avenue, and has been assigned to the Army Artillery School at Fort Sill, Okla.

## SS Quarters Dedication Set Monday

Open House Will Follow Program In New Building

The new quarters of the Social Security Administration in Cumberland will be dedicated in ceremonies next Monday at 4 p. m.

Following the dedication, an open house will be held until 8 p. m., so the public may visit the new quarters in the building at the corner of South Mechanic and Pershing streets. The one-story structure also houses the new offices of the Metropolitan Insurance Company.

State's Attorney James S. Getty, who was manager of the Social Security office here about five or six years ago, will be master of ceremonies at the dedication.

Program Listed  
Rev. Paul V. Taylor, pastor of Zion United Church of Christ, Frostburg, will give the invocation and Getty will introduce distinguished guests. Included will be U. S. Senator J. Glenn Beall, Rep. DeWitt S. Hyde and Rep. Harley O. Staggers, members of the Allegany County Board of Commissioners, and the Mayor and City Council. A number of other officials in the area served by the local office have also been invited.

The address will be given by Maurice D. Dewberry, regional representative of Bureau of Old-Age, Survivors and Disability Insurance of the Social Security Administration at Charlottesville, Va.

Rev. Maurice D. Robertson, pastor of First Presbyterian Church, will give the benediction.

May Roy W. Eves will cut the ribbon at the entrance of the building in the formal dedication ceremony.

Handles Six Counties  
The Cumberland office of the Social Security Administration handles the accounts of residents of Allegany and Garrett counties in Maryland and Mineral, Grant, Hardy, and Hampshire counties in West Virginia.

At present there are 12,000 persons receiving benefits in the area under Social Security with the monthly total of payments being approximately \$500,000. This is in sharp contrast to less than \$1,000 in monthly benefits in 1940.

James Gwinn is manager of the local office. The Social Security office was located in the Post Office building since January 16, 1937.

## Beall Backing Home Loan Plan

U. S. Senator J. Glenn Beall wrote the Allegany County Board of Commissioners today that he has requested the Veterans Administration to designate the county a direct-loan area for home building loans for veterans.

The county commissioners some time ago adopted a resolution at the request of veterans' organizations and local real estate dealers calling for the county being given the direct loan status.

Sen. Beall said he has wired Sumner G. Whittier, administrator of Veterans Affairs, asking that the direct-loan request be approved. The senator said he hoped to have a decision shortly in the matter and that he also hopes it will result in approval of the request.

## Beer Reported Taken From Bowling Alley

State Police today opened an investigation into a breaking and entering last night at the Cresap-Lown Bowling Alley.

Police said two cases of beer were reported stolen from the building. Trooper John Sweitzer is investigating.

## Receives Degree

Charles Johnson Hansrote Jr., of Cumberland yesterday received a Ph.D. degree from the University of Virginia at Charlottesville.

The Republican platform goes further on the oyster question, proposing more leasing of barren oyster bottom to private interests.

It goes so far on this controversial question, in fact, that Sen. Harry T. Phoebe said he would resign as a candidate for reelection from Somerset County, a hotbed of the oysterbed controversy, because the leasing plank was adopted.

The Tawes speech, noting that Democrats had failed to win a major statewide office since 1946, even though they have an 8-3 edge over Republicans in registered voters, said the platform "gives vivid expression to the basic philosophy" of State Democrats.

Golden Opportunity  
"Today our golden opportunity is at hand," he said.

Besides performing the ritual of formalizing the nominations and adopting the platform, delegates to the convention also were due for further words of encouragement from Paul M. Butler, national party chairman.

Aware of the fratricidal feuding erupting at previous conventions, national party officials had generally shied away from attending.

Another rarity was the convention (Continued on Page 2)

TEACHER RETIRES — Miss Dora E. Richard (second from left) 830 Greene Street, retired today as an Allegany County teacher. A social studies instructor at Allegany High, she is shown being congratulated by Dr. W. Ardell Haines, principal (right), while Foy A. Curry, assistant principal, and Mrs. Anna Higgins, vice principal, watch. She is a graduate of Allegany.

## Legislature Expected To Act Quickly

Extension Of Aid To Jobless Seen As Getting State Approval

BALTIMORE (AP)—The General Assembly is expected to take quick action on legislation to extend unemployment benefits in a special session Friday.

At least one top legislator had personal reservations about the plan to aid Maryland's unemployed, while conceding the program has sufficient backing to pass.

State Sen. John Grason Turnbull (D-Balto County), majority leader and chairman of the powerful Finance Committee, said he was "not going to vote in a mental vacuum" on the temporary extension of eligibility for jobless benefits.

Probably Will Pass  
The program "probably will pass," he said, but it should be reviewed thoroughly if, for no other reason, than that "certain members of the State Legislature have more sense than the members of Congress."

Turnbull scheduled committee hearings on the program, and said his finance committee and probably the House Ways and Means Committee will hold hearings at 3 p. m. Thursday in Annapolis.

He said he knew of "seven or eight senators who are against" the program.

Turnbull and other influential legislators met with Gov. McKeldin yesterday. Afterwards, the governor announced the special session will convene at 10 a. m. Friday.

Loans For Baltimore  
In addition to considering the jobless benefits program, the session will take up bills to approve loans for Baltimore to finance its Charles Center rehabilitation project and a civic center.

The session was called primarily to make certain the State is legally qualified to accept a federal loan to be used in extending jobless benefits nine months. The federal program was passed by Congress and signed by President Eisenhower last week.

Under terms of the federal act, the loans would be paid back either by the states or by an increase in the federal tax on employers who finance the unemployment insurance program.

Many observers have speculated that Congress, facing political realities, would not insist on repayment of the loans when the day of reckoning falls four and a half years from now.

Would Extend Benefit  
If Maryland accepts the federal loan program, the State will be able to extend unemployment benefits from the present eligibility (Continued on Page 2)

## Isaac T. Love Of Lonaconing Gas Company Named To Civil Service Unit

Isaac T. Love, a Lonaconing merchant, has been named a member of the Allegany County Civil Service Commission to fill the post vacated by the resignation of J. Glenn Beall Jr.

Love has been active in Republican party circles and is a member of the Lonaconing Republican Club. He operates a store in the Georges Creek community.

Beall resigned after he was named chairman of the Allegany County Republican Committee recently. He stated at that time he felt it was not proper to hold both positions.

Bids Received  
The Allegany County Board of Commissioners appointed Love to the position today with Commissioners William A. Wilson and James Orr voting for the action. Commissioner Charles N. Wilkinson was not present.

The county commissioners received five bids today on three dump trucks for the County Roads Department. Bids were made by St. Cloud Motor Company, Light and Decker Company, Collins GMC Company, Frostburg Auto Company, and Heiskell Motor Company of Frostburg.

The bids were turned over to Gorman E. Getty, attorney to the board, and J. Walker Chapman, roads supervisor, for tabulation and report back next week.

Grading Approved  
Rev. George S. Widmyer, pastor of Potomac Park Evangelical United Brethren, and Claude Yoder appeared before the board to request that a drain pipe be placed under the road leading to the community playground. They also asked that the baseball field be graded.

Chapman was authorized to do this work for the community. LeRoy Mingle appeared before the board to ask that something be done about a ditch along a road in the Union Grove section. The matter was referred to Chapman.

Harold C. Wickard, who resides on Helman Drive in LaVale, appeared before the board to ask that a number of "pot holes" in the road be eliminated. Chapman said the drive is not in the county system.

## Deer Killed When Struck By Car On Virginia Ave.

The past two weeks have been an "open season" on deer in Cumberland — but for motorists, not hunters.

This morning, shortly before noon, a buck was struck and killed near the Virginia Avenue-Oldtown Road intersection, bringing to four the number to have met a similar fate since Saturday, May 31.

On Monday of last week, a 150-pound buck was hit by an auto on State Route 35 between Corriganville and Ellerslie and had to be destroyed.

Saturday, May 31, a young doe was found on Oldtown Road a state trooper and another dog got as far as the back yard of a residence on Race Street. It also was injured so badly it had to be destroyed.

The deer killed this morning was a young buck, estimated by City Patrolman W. Ernest Valen-

## City Ready For Election On Tuesday

Mayor, Councilmen To Be Elected; Bond Vote Planned

Ballots have been printed for next Tuesday's municipal general election, City Clerk Wallace G. Ullery said today.

Prepared by the Allegany County Board of Election Supervisors, the ballots contain the names of 10 candidates, two for mayor and eight for council, and a "For" and "Against" referendum proposal on the \$500,000 Urban Development Bond Issue of 1957.

Ullery said supplies and equipment will start going out to polling places the latter part of the week.

Voters Check Polling Places  
Meanwhile, he issued an appeal to those registered voters who are not sure of the place where they vote, to contact the registration office in the basement of City Hall either in person or by phone.

Ullery urged that the check be made between today and election day. During the primary the office was kept busy all day answering queries of voters who were seeking their correct precinct.

The office telephone number is PA 2-3290.

The candidate ballot for the general election looks like this:

FOR MAYOR (Vote For One)  
1A Roy W. Eves  
2A J. Edwin Keech

COUNCILMAN (Vote For Four)  
3A William H. Buchholz  
4A Philmore F. Fleming  
5A William V. Keegan  
6A G. Ray Light  
7A John J. Long  
8A Lucile Roeder  
9A Keith T. Sisk  
10A George H. Tederick

The referendum is on this question:

"Shall the Mayor and Council issue Cumberland Urban Development Bonds of 1957, in the amount of \$500,000 the same being serial coupon bonds, bearing interest not to exceed 4 per cent per annum; maturing by May 15, 1977, secured by the full faith and credit of the City; the principal interest to be paid from the General Tax Levy; the City reserving the right to levy liens on property improved; the proceeds to be used for street improving, paving, bridge construction, land acquisition incident thereto; contributions to public projects in the city wherein Federal and State governments are participating, including the Industrial Boulevard and Cross-town Thruway."

Both of the Tucker County wells are being drilled to a depth of about 8,000 feet, in sands considerably below the 3,500-4,000-foot formations currently providing the bulk of C&A's local gas production.

Robbins said his firm has a joint interest in four deep producing wells in Tucker County. They were drilled in the 1944-1951 period, and are still producing about 200,000 cubic feet of gas daily.

C&A owns the full rights to the two new wells, the manager said. A seismograph survey conducted in Tucker County last year laid the groundwork for the present drilling program there.

To Drill Shallow Wells  
C&A will drill 14 shallow wells in 1958. Only one has been completed, the one being connected to the company's main supply network through the new gathering line.

Two of the other 13 wells are being drilled within one-half mile of the gathering line. Short extensions from the new carrier would move production from these wells, if successful, into the gathering line for immediate delivery into C&A's main supply network, the manager said.

Construction of the gathering line is scheduled for completion in July.

Foreman George Bailey of Buckhannon is supervising construction of the line and well. (Continued on Page 18)

## Oldest Road Worker Plans Retirement

The oldest employee of the Allegany County Roads Department in point of service today announced he will retire effective July 31.

He is Roy Smith, 67, of Little Orleans, who is foreman of the road crew for the eastern section of the county. Smith started his career "with the road unit 31 years ago and has been a foreman for many years.

From 1933 to 1944 when the county roads system was under the jurisdiction of the State Roads Commission, Smith was employed by the state.

Smith said that he decided to retire while he is in good health and at the same time make way for a younger man and open up a vacancy will be filled through a promotional examination among employees of the department. The Civil Service Commission will hold the examination soon.

A similar examination is scheduled for the position of county roads supervisor: J. Walker Chapman, who now holds the post, will retire July 31.

Employees in the County Roads Department are covered by Social Security and the State Employees Retirement System.

The deer killed this morning was a young buck, estimated by City Patrolman W. Ernest Valen-

time to weigh between 70 and 80 pounds. It ran in front of a car operated by Fred Corbin, 22 West First Street.

Residents in the area said the frightened animal jumped a fence on Blaul Avenue and brushed against several youngsters playing in the vicinity before dashing in front of the vehicle.

## Naval Academy Project Opposed

ANNAPOLIS (AP)—City Council has gone on record in opposition to further expansion of the Naval Academy into the old section of Annapolis.

By a 6-2 vote with one abstaining, aldermen last night voiced objection to an academy plan for acquiring about two acres along Prince George street between Randall street and the harbor.

CONTEST WINNER — Miss Marilyn "Jane" Marty, 19, above, has been named "Miss Willy Ford Volunteer Fireman" and will compete in the state finals during the West Virginia Volunteer Firemen's convention in Romney July 17.

### Frostburg Grants Pay Hike To 35 Municipal Employees

**EARNs DEGREE**—Dr. Robert W. Bess Jr., son of Dr. and Mrs. R. W. Bess of Piedmont, was graduated from the Medical College of Virginia at Richmond with a Doctor of Medicine degree. A graduate of Mercersburg Academy, he also attended Potomac State College and West Virginia University. He will begin his internship July 1 at Winchester Memorial Hospital. His wife, the former Renna Jane Thayer of Keyser, and their three children will move to Winchester this month.

### 86 Students Get Diplomas

**CRESAPOTOWN**—Some 86 ninth graders of Cresaptown Junior High School last night received diplomas from Mrs. L. Brooks Starcher, a member of the Allegany County Board of Education, at the 27th annual commencement exercises in the school auditorium.

Miss Myra M. Neffler, school principal, singled out seven of the 26 graduates, most of whom will move on to Allegany High School next September, for scholastic excellence.

The three highest ranking girls were Barbara Pinner, first; Donna Simpson, second; and Janet Fleming, third. Scholastic leaders among boys were Larry Van Meter and William Kifer, tied for first; Dennis Bobo, second; and James McKenzie, third.

Rev. Cornelius B. Davis, pastor of Second Baptist Church, Cumberland, delivered the principal address to graduates, their relatives and friends.

The Cresaptown Junior High School band, directed by Miss Ann E. Thompson, music teacher, played several selections before the traditional "Pomp and Circumstance," as the procession.

The Ninth Grade gave a choral reading and a select group sang "You Will Never Walk Alone." After the commencement address the ninth graders sang the school song, "It's Cresaptown," and the class song "He." Graduates also sang "The Lord Bless You And Keep You" to the piano accompaniment of Barbara Pinner.

Rev. Harold A. Allen, pastor of Calvary Baptist Church, gave both the invocation and benediction.

This Ninth Grade was comprised of 53 boys and 33 girls.

**Answer False Alarm**

Eleven members of the Cresaptown Volunteer Fire Department responded to a false alarm which took them to LaVale yesterday.

An unidentified woman called the Cresaptown Fire Hall and calmly announced that her house in LaVale was burning to the ground. After that single statement she hung up the receiver and firemen began their fruitless trip.

First Assistant Fire Chief L. R. Winters led the potential fire-fighting crew to LaVale where they discovered that the call obviously was the work of a prankster.

### WSCS Plans Strawberry Event June 28

**GRANTSVILLE**—The WSCS of Mt. Zion Church, Route 40, met recently at the church with Mrs. Hazel Jenkins, president, presiding.

Mrs. Jenkins took charge of the program in the absence of Mrs. Melva Crowe. She was assisted by Mrs. Emma Pope, Mrs. Gloria Cline, Mrs. Zeola Robeson and Mrs. Jennie Stark.

Birthdays were observed for Mrs. Grace Hummel, Miss Clara Layman and Mrs. Cecil Michael. Announcement was made of the officer's training school to be held Thursday, June 19, at Romney.

A Strawberry Festival will be held at the church Saturday, June 28, beginning at 7 p. m.

The meeting was brought to a close with benediction and refreshments served by Mrs. Twila Mae Fike, Miss Helen Wilhelm and Mrs. Matilda Wilhelm. Hostesses for next month are Mrs. Jennie Stark, Mrs. Nellie Durst and Mrs. Maggie Michaels.

**Homemakers Meet**

The Grantsville Homemakers Club met at the home of Mrs. Joseph F. Fahey.

Mrs. J. U. Stanton served as co-hostess.

Mrs. Allen Baker, president, presided and Mrs. Harry C. Edwards had charge of a demonstration on foods. Mrs. Carrie Beachy spoke on "Food Culture."

Ten members and a guest, Mrs. A. P. Strong, attended. Refreshments were served.

**Brief Mention**

The Grantsville Volunteer Fire Department, assisted by its Ladies Auxiliary, will hold a strawberry festival Saturday at the fire hall at 5 p. m.

### Booming Tourist Trade Slated For Deep Creek Lake

**ANNAPOLIS (AP)**—The director of the Department of Information predicts a booming tourist summer in Maryland this year.

Earle R. Poorbaugh said yesterday his office received 12,731 requests in May for information about tourist attractions in the state and mailed out 101,538 booklets, brochures and maps.

The requests totaled 3,000 more than for any previous month in state history and in Poorbaugh's opinion reflect an increased interest in Maryland by travelers. He said recent advertisements by the state in national magazines helped spur the interest.

There has been a drop in visitors at some of the state's main resorts of interest during the spring, and motel business has been hard hit in some areas, particularly along U. S. 50 which now has more competition for travelers because of the new Baltimore Harbor Tunnel. But with summer approaching, the tourist trade should spurt upward, Poorbaugh said.

He said there was no indication of the recession hurting tourist business in Maryland.

Roads to Annapolis have remained busy despite the drop in some other areas. The Statehouse attracted a record 18,000 visitors for May. Ft. McNary in Baltimore, birthplace of The Star Spangled Banner, dropped from 65,920 in May, 1957, to 48,799 last month.

Poorbaugh said reports from Deep Creek Lake in Garrett County and Ocean City indicate a thriving summer trade expected at those respective mountain and seaside resorts.

State cabins in Garrett County are reported booked solid for the summer, and Poorbaugh said a number of private operators offering similar facilities in the Deep Creek Lake area report they have a solid list of reservations for the summer.

# Jensen Bent On Proving Red Sox Can Win Flag

## Jackie Hits 14th Homer As Sox Take 6th In Row

By MILTON RICHMAN  
By United Press International  
For downright stubbornness, we give you a guy like Jackie Jensen, who simply refuses to accept the idea that the Yankees have the pennant practically all locked up.

Jensen still feels the Red Sox have a chance and he's bent on proving his point even if he has to do it all by himself.

The stocky San Francisco slugger certainly went about it the right way last night when he blasted his 14th homer plus a double and a single to drive in four runs in a 9-4 victory over Detroit.

Jensen's performance paced the spurting Red Sox to their sixth straight victory and boosted them into a virtual tie for second place, 7½ games behind the idle Yankees.

**Second In Homers**  
In his California home, Jensen keeps an autographed picture of Joe DiMaggio which he obtained while both were members of the Yankees. DiMag. inscribed the photo this way:

"Make 'em all moan, Jackie boy."

And that's exactly what Jensen is doing. His home-run total is second in the American League only to Bob Cerv's total of 15, and Jensen's 44 runs batted in put him only one behind the Kansas City outfielder, who also leads that department.

Not bad for a fellow who wanted to quit the game in disgust after the Senators peddled him to the Red Sox five years ago.

Jensen's homer last night was a 400-foot wallop that came with two men on in the third inning and highlighted a six-run rally. The homer, off loser Paul Foyl, was the blond batter's third in two days and fifth in the past seven games.

It gave big Frank Sullivan a lead that enabled him to coast to his third victory via a nine-hit effort.

Another three-run homer by Gus Triandos helped the Baltimore Orioles clip the Cleveland Indians, 5-2, behind southpaw Billy O'Dell's four-hit hurling.

**Triandos Slams 12th**  
Triandos slugged his 12th homer off Cal Cichlinski in the first inning following singles by Al Pilarcik and Gene Woodling. That proved to be all the margin O'Dell needed for his sixth victory against seven defeats.

J. W. Porter doubled home two runs for Cleveland in the bottom of the first inning. O'Dell then settled down to retire the next 16 batters before Rocky Colvino singled in the seventh inning.

Rain cheated the White Sox out of an apparent victory when it forced postponement of a game against the Senators with Chicago leading, 7-1, in the fourth inning.

Early Wynn appeared to be breezing to his sixth victory when the game was called. He had allowed two hits while the White Sox raked Al Cicotte and Chuck Stobbs for nine, including three singles by Billy Goodman and a home run by Tito Francona.

**Purkey Wins Again**  
Bob Purkey pitched Cincinnati into third place with a 3-0 victory over San Francisco in the only National League game scheduled.

Purkey yielded only six hits and didn't walk a batter as he rolled to his fifth straight win and eighth of the season against a single defeat.

Steve Bilko connected for a two-run homer off left-hander Johnny Antonelli in the fourth inning and the Redlegs scored another run in the seventh when Eddie Miksis singled home Don Hoak.

**Miller, Gracie In Spring Finals**  
Either Charley Miller or Tom Gracie will be the spring golf champion at Maplehurst Country Club. Miller advanced to the finals with a 3 and 2 victory over Bill Fisher and Gracie eliminated Jack Michaels, 1 up on the 19th hole.

Five golfers qualified for medallions on National Golf Day by equalling or lowering the 71 posted by Lionel Hebert. The low net was turned in by Ken Babcock with 67. Lloyd George (D.I.) Griffith and Jim Getty shot 69s while Charley Sager and Jim Reidler posted 71s.

Semi-final results in other tournament flights:

First Flight—Rex Beck defeated Waverly Rice, 4 and 3. Jack Carnell defeated Maurice Goodman, 1 up.

Second Flight—J. Spitznogle defeated R. Bittle, 5 and 4. Claude Comer defeated Bill Powers, 1 up.

Third Flight—John Diamond defeated G. Wilson, 1 up. Wayne Myers defeated John Sleeman, 2 and 1.

Fourth Flight—Vic Wonn defeated Bill Goebel, 4 and 3. Ken Babcock defeated George Slinger, 1 up.

THE COLOR IS RED—Bob Purkey (left) of the Redlegs and Jackie Jensen (right) of the Red Sox led their teams to victories in two key major league games yesterday. Purkey blanked the Giants, 3-0, to move Cincinnati into third place in the National League. Jensen batted in four runs as Boston won its sixth straight to pull within three percentage points of second place with a 9-4 conquest of the Tigers. (AP Photos)

## George Geatz To Assist In Orioles' Tryout Camp

The Baltimore Orioles will conduct a school and tryout camp for area baseball hopefuls Friday and Saturday at Hagerstown Municipal Stadium with George Geatz, LaSalle High basketball coach, assisting in instructing and screening the prospects.

Geatz, "bird dog" for the Orioles, will be working with two Baltimore scouts, Fritz Maisel and Walter Youse who will be in charge of the school. Other part-time scouts from Western Maryland who will be assisting are Paul (Ears) McNeil of Hagerstown and Joe Price of Frederick. The daily workouts will get underway at 10 a. m., and all young players in the area are invited to participate.

Candidates attending the school will be required to bring their own gloves and spikes. All other equipment, including baseballs and bats, will be furnished by the Orioles.

## Sebring Racer Wins Marlboro

Approximately 6,000 spectators witnessed a thrilling test of car and driver Sunday afternoon at Marlboro Motor Raceway. Thirty cars started the six-hour endurance race with approximately 20 cars still in at the end of the grueling race.

The overall winners were Otto Linton, Exton, Pa., and his co-pilot, Harry Beck of Wilmington, Del., driving an Osca 1500. This same car finished 13th overall and won the index of performance at the 12-hour Sebring (Florida) race in March.

## Loes Rejoins Birds, Ready To Pitch Again

BALTIMORE (AP)—Problem pitcher Billy Loes, as unpredictable as ever, has rejoined the Baltimore Orioles and says he is ready to pitch again for Manager Paul Richards. But he would rather pitch for someone else.

The outspoken 28-year-old right-hander left no doubt about why he reconsidered an earlier announcement that he would never play for Richards again.

"Crazy To Quit"

"I'll pitch because that's the way I make my living, not because I think Richards is the greatest man in the world," Loes said. "Sure I guess I could quit, but I'd be crazy to do that."

While Loes was sitting out a dual suspension—six days by the American League and three days by Richards—he repeated his wish to be traded to another club. He said the same thing even before the suspension, with the New York Yankees undeniably the team of his dreams.

Loes said Monday night he would "do my best and try to win" for Baltimore, but in almost the next breath indicated he wouldn't mind donning another uniform.

**Pitches Batting Practice**  
Richards had a brief conference with Loes before the reinstated player pitched batting practice. The manager said as far as he was concerned "it's a closed incident. We'll re-deal the cards and wipe the slate clean."

Both the league and Richards fined Loes \$100 in addition to the suspension without pay after the pitcher showed umpire Larry Napp during an argument over a play at the plate here June 1.

Napp called Washington's Ken Aspromonte safe as Loes tried for a tag in a run-down play. Loes slammed the ball to the ground, allowing another run to score, and was ejected by Napp.

Lions of the Frostburg Little League rampaged to their third consecutive victory and added to their pacesetter margin yesterday with an 18-2 thumping of Eagles on the Frostburg Little League diamond.

The leaders came up with two seven-run innings. They scored 35 runs in three games.

Wayne Harper waved a big stick for the winners, blasting two grand slam home runs and a single. He was capably assisted by Tom Wilson, who also smacked a pair of round-trippers. Tommy Husebaugh and Dick DeLaney garnered two hits apiece for the Eagles, who have now dropped two games while winning once.

## Elks, Rotary Cop Openers; Pair Games Billed Tonight

The other four teams, including newcomer Bedford Road Optimist Club, make their starts in the Hot Stove Baseball League this evening at Penn Avenue Field.

The twin bill, which gets underway at 6 o'clock, will have Cumberland Optimist facing Lions while Bedford Road opposes Jaycees two hours later. Bedford Road replaces Exchange Club and is piloted by Evan Smith.

Louis Marralle manages Cumberland Optimist, Johnny Daum leads Lions Club and Patsy Algieri pilots Jaycees.

In last night's opener Glenn Shipway turned back Kiwanis on three hits while Bill "Rabbit" Stakem was knocking in four runs with a circuit blast and a pair of singles to send the BPO Elks, defending pennant champions, to their opening game victory with a 7-3 decision in the first game of a twin bill at Penn Avenue.

In his winning mound performance, Shipway struck out four, walked three while being touched for only singles by Charley Boone, Jimmy Powelson and Price.

Stakem, Shipway's Battery mate, turned in a perfect night at the plate with three hits in the same number of times at bat. "Rabbit" clouted his round tripper in the fifth inning. Shipway aided his own cause by connecting for a pair of singles.

Charley Boone, losing hurler, fanned four and Powelson, who relieved Boone in the fourth, fired the third strike by six batsmen.

Rotary Club, 1957 playoff champ, capped the night half of the opening doubleheader by nipping B'nai B'rith with a two-run sixth inning, 5-4.

Ronnie Manges started on the mound for the victors and lasted over the first six heats until Joe Ranker took over to preserve the win. Hopwood went the distance for B'nai B'rith. Manges fanned four and his relief two. Hopwood also whiffed four.

The hitting department was headed by Larry Peters, who smashed a homer with one on in the first inning. Ranker paced the losers with a fourth-inning circuit blast.

## Tigers Fire Tighe, Name Bill Norman

BOSTON—(UPI)—Bill Norman today succeeded Jack Tighe as manager of the Detroit Tigers. John McHale, general manager of the Tigers, announced the managerial change this morning. The Tigers last night were dropped into the American League cellar with a 9-4 loss to the Red Sox.

Norman moves up to the Tigers from their No. 1 farm club at Charleston, W. Va., where his team is in second place in the American Association.

Tighe has been offered a job with the Detroit organization. But Tighe said he was returning to his home at Sand Lake, Mich., to think things over.

### LaVale's Gun Club, Scouts Notch Wins

LaVale and Fort Hill Scouts won the Western Maryland League's fourth rifle match held on Sunday evening at the Morning-side Drive range.

LaVale's smallboremen edged the Rangers, 1575-70x to 1573-69x. Jack Fulk's 396-26x tally topped the victors. Best for the losing Rangers and high mark for the meet was Frank Simpson's 398-25x.

Short-handed Hercules fell before the Scouts, 1554-61x to 783-32x. Norm White's 396-20x was high gun for the winners.

The iron sight course consisted of 20 shots at 50 yards and 20 shots at 100 yards. Summary:

### Control, Luck Pay Off For Bob Purkey

SAN FRANCISCO (AP) — Bob Purkey, one of the two winningest pitchers in the National League this season, has a not-so-simple success formula:

Play with a team that gets runs and has a lawless infield. Keep your control and stay lucky.

That's the combination Purkey credits for his record of eight victories and one defeat for the Cincinnati Redlegs. Only Milwaukee's Warren Spahn can match it.

Purkey, with the help of strong Steve Bilko, stopped the league leading but fading San Francisco Giants 3-0 Monday. The loss left the Giants ahead of Milwaukee by a measly three percentage points as the rest of the league rested.

Cincinnati moved into third place, 3½ games off the pace, beating the Giants three out of four.

A crowd of 10,300 saw Purkey, a 6-2 right-hander, toss a six-hitter. Bilko powered a two-run fourth-inning home run, his fourth of the season.

Purkey struck out only one batter — Willie Mays, no less — but did not walk a man.

"Control is one of my better points," he said after the game. "I walked only 28 in 180 innings at Pittsburgh last year and I always try to make the other club beat me instead of me beating myself."

He credits his 1958 success to "getting runs, pitching regularly, the best infield in the league and luck."

### Nolan Paces 'Savage Win

Behind the six-hit pitching of Joe Nolan, who notched his second victory of the campaign, Mt. Savage won its third consecutive Bi-State Pony League game yesterday, turning back LaVale, on the winner's diamond, 8-5.

A four-run outburst in the home sixth provided Mt. Savage with the margin of victory after trailing 5-4. The fuse of the sixth-frame explosion was a three-run home run by Bobby Uhl and a triple by Billy Gordon, scoring a runner in front of him.

Nolan helped along his own cause by collecting two hits for the 'Savagemen, while Ted Femi and Shaffer equally shared four of LaVale's 11 base knocks. One of Femi's hits was a double.

Ellerslie's defending champions suffered their fifth straight defeat, this time at the hands of Lonaconing, 13-12, in a slugfest at 'Coney.

Fred Sloan started on the mound and lasted over the distance for Lonaconing and received the nod over John Lowery, who also went the distance in a losing cause.

Lowery connected for a homer, triple, double, and completed the cycle with a single to pace LaVale at the dish. Sloan sparked the 'Coney offense with two doubles and a pair of singles.

### 31 Amateurs In Open Field

TULSA, Okla. (AP) — It has been 25 years since an amateur won the U.S. Open Golf Championship and it is unlikely one will come through this year on a course that Billy Joe Patton calls "a monster."

But the 31 amateurs in the field of 162 players scheduled to start Thursday on the 6,907-yard Southern Hills Country Club course constitute a strong threat to the pros.

One qualified observer thinks three or four could bring back the days of Bobby Jones and Johnny Goodman.

The last amateur winner was Goodman in 1933, five years after Jones gave up his habit of licking the pros.

The observer is Bill Kaiser, a veteran pro from Louisville, Ky., who barely missed qualifying for the tournament.

The four Kaiser mentioned as having the potential are Patton, Harvie Ward and two youngsters, Jack Nicklaus, Columbus, Ohio, and Bobby Nichols, Midland, Tex.

### Practice Schedule

Veterans of Foreign Wars (formerly Colts), City High School League, today, 6 p. m., Rolling Mill diamond. All holders and new candidates report.

Phillies, Dapper League, tomorrow, 9 a. m., Naval Reserve Field, Thursday, 9 a. m., East Side Field.

49'ers, City High School League, tomorrow, 6 p. m., Naval Reserve Field.

Rotary, Hot Stove League, 1:30 p. m., tomorrow, Penn Avenue Field.

K of C, City Softball League, today, 6 p. m., SS. Peter and Paul Field.

### Stringtown Risks New Lead Today

Stringtown, new leader in the County Softball League race, puts its pacing slot on the line today when tangling with Maple Inn Old Germans (6-4) at Stringtown. The Stringers (8-2) took over first place Friday when they extended their win streak to five by beating Homewood Tavern, 15-5.

Corriganville's Old Exports, who had been knotted with Stringtown for the top slot, dropped into second place Friday as Kennell's Mill sprang a 6-4 upset. The Old Exports have won seven and lost three and will meet Homewood Tavern today at Corriganville.

Kennell's, with a mild streak of its own underway, guns for its fourth straight by being host to Hyndman to complete this evening's card. Kennell's has split in 10 games while Hyndman sports a 3-7 record.

Corriganville has already taken a pair from Homewood (1-9) with the Tavern club dropping its last five games. One of the two losses by Stringtown was a 3-1 defeat by Maple Inn. The Stringers won the second meeting, 9-6.

Hyndman lost the opener to Kennell's, 10-5, and then took a 12-9 victory in their second clash. All three games are to start at 6:15.

### Chair Skeins

Celanese has had trouble winning this year. In fact, the Silkers have yet to post a triumph in seven starts although dropping several close games. Elks took one of the tight contests with an eight-inning, 4-3, victory early in the year. Elks have won only four of seven attempts and are in third place.

### Undeclared Rec Clubs Play Today

First place is at stake today in the Rec. Softball League when the loop's two unbeaten clubs tangle at Naval Reserve Field. Clashing will be Local 26 and Ridgeley American Legion, both carrying 3-0 records into the big tilt.

Ridgeley ran its string to three Friday as Gene Hess threw a 22-0 no-hitter at Salvation Army. Local 26 knocked the only other undefeated team from the perfect ranks when whipping Don McIntyre's, 7-6, Friday. The loss was the first in three starts for McIntyre's.

Western Maryland Railway, at the .500 mark in two showings, will oppose National Guard (0-1) at Post Field in today's other action. Both games will begin at 6:15.

Yesterday Marine Reserve whipped Salvation Army, 11 to 5, at Naval Reserve Field behind the five-hit pitching of Billy Manges and the hitting of Jim Weakley who pounded out two homers. Manges also aided his own cause with a double and single. One of the hits yielded by Manges was four-bagger by Twigg.

## Q: How do you feel about Blue Cross?

**A: "No red tape for me! Blue Cross took care of my hospital bill automatically!"**

"When I was in the hospital for an operation recently, I discovered how smoothly Blue Cross works. I just showed my card at the hospital and Blue Cross took care of the bill automatically. No claim filing, no waiting for reimbursement, no red tape. I'm sold on Blue Cross!"

*says Charles Workman, baker's helper, Schmidt Baking Company, Inc., Baltimore*

**A: "Our company has no claims problems—Blue Cross handles everything."**

"The Blue Cross coverage our company provides its employees gives them comprehensive protection against the cost of hospitalization. It's sound, reasonably-priced protection, easily incorporated into our employee benefit program. And no claim problems, either—Blue Cross handles everything! We're sold on Blue Cross, too!"

*says Henry Schmidt, Treasurer, Schmidt Baking Company, Inc., Baltimore*

Blue Cross is a non-profit plan for hospital care that provides broad protection economically! The heart of this protection is care, rather than cash.

Through Blue Cross service benefits—agreements between Blue Cross and the member hospital—all the hospital's regular services are available to subscribers. And Blue Cross pays the hospital directly.

No claim filing, no waiting for reimbursements for the employee... no administrative problems for his company. For full details, call the Blue Cross office listed in your telephone directory.

Shanacoing	1	7
Finzel	0	8

Midland's pacesetter Indians added win number eight to their "beaten" string yesterday, this one via the forfeit route, over Wright's Crossing when the latter was unable to field a team for the Twilight League contest.

It marked the second time this year that Wright's Crossing has forfeited. According to league rules, when a team forfeits three times it automatically loses its franchise, so Wright's Crossing has one more chance.

Runnerup Barton, with a 7-1 mark, remained one game off the pace by coming up with a 7-6 victory over Shanacoing.

**Rally Falls Short**  
A five-run Barton lead was threatened in the final inning when "Coney" came up with four, but the visitors were stifled by Billy Johnson, who had replaced Jim Wilson on the mound for the victors. Cokie Robertson went the distance for "Coney."

Barton's attack was led by Johnny Johnson, who collected three safeties, and George Lauder, Tommy Warnick and Mike Muir, all of whom garnered a pair of base raps. One of Warnick's knocks was a triple. Curtis Johnson and Don Amoroso flashed out two hits apiece for the losers.

After spotting Cumberland's Graylings three runs in the early frames, Westernport came back strong to down the Queen City nine with five runs in the last four innings, 5-3, at Fort Hill.

**Zihlman Tops Finzel**  
"Kip" Montgomery covered the distance on the slab for Westernport, while his hurling opposition, Paul Stickley, took the loss for Cumberland. Bob Raines collected two of the victor's five hits—a triple and single. Leatherman obtained half of Cumberland's six safeties.

Although scoring nine runs in the initial three innings, Finzel was buried under a 14-hit barrage by Zihlman, which finished with four runs in the eighth frame to claim victory in a 11-9 slugfest at Finzel.

Finzel was blanked in the scoring column over the final four innings and suffered its eighth consecutive defeat.

Robert Keister blasted a three-run homer to pace the Zihlman stickers. "Grass" Cutter obtained a two-sacker and a pair of singles. Jack Robeson had a double and single. Jim Keister, a pair of singles and Frank Buskirk a triple. Earl Gracie and Jack Burner rapped doubles for Finzel.

## Turner, Hart Open Hot Ring War Tonight

PHILADELPHIA (AP) — Old friends Gil Turner and Garnet (Sugar) Hart turn a five-year ring cold war into a hot one tonight in what could be Turner's last shot at the big time and the first of many big payoffs for young Hart.

The two Philadelphians come from the same neighborhood, have had similar careers and have shared the same trainer, Willie Reddish.

Reddish says of their frequent sparring sessions: "It was always a war between them, but outside the ring never an unfriendly word."

Hart, 22, became a sparring mate for Turner when Gil was among the hottest prospects in the welterweight division. At that time Hart scaled just about 110 pounds.

"I told Gil more than once not to be so rough with that kid because the day will come when Skinny (Hart) could turn on him," Reddish said.

Hart feels the time to turn is now and predicts a victory. He'll enter the ring about a 7-5 favorite. Turner claims he'll show he's still master.

The 10-rounder will not be televised.

Reddish didn't want to pick sides so he didn't train either fighter for this bout.

Turner, at 27, is trying for another chance at the top names. He's fought virtually all the ranking welterweights, and some of the middleweights, in a career of 73 bouts. He has won 55, 35 by knockouts, lost 17 and had one draw. His experience and aggressiveness will be pitted against Hart's youth, greater speed and counter-punching ability. Sugar is 25-3-1 with 20 knockouts.

## Pen-Mar Triple Knot Possible

The tie for second and the fight for the lead of the Pen-Mar Little League could become a three-way deadlock for first place following this evening's games.

Front-running Barrelville (6-2) will play at Tri-State Memorial (5-3) while Cresaptown Eagles (5-3) are at LaVale Orioles (6-7) in the pair of big clashes. A loss for Barrelville and victory for the Eagles throws all three into a dead heat for the top slot.

LaVale Maroons, still close in the race with a 4-3 mark, will play at Ellerslie and stands to pick up ground if handing the host club its fifth loss in eight games. A triumph for Ellerslie would tie it with Maroons.

All three games are to start at 6 o'clock.

## Mays Tumbles Back To .408

By The Associated Press

Holy smoke! Lookit Willie! Just four days ago nobody could get Willie out. He was 7-for-7, and 16-for-19, gaining 26 points and taking the National League batting lead at .433.

He hasn't had a hit since, going 0-for-12, losing 25 points and tumbling back to .408, almost where he was when the spurt started.

Willie didn't do the San Francisco Giants much good Monday, going 0-for-4 in a 3-0 defeat as once-beaten Bob Purkey won his eighth for Cincinnati in the only game scheduled.

## 150 Officers To Guard Envoy At Bar Conclave

BALTIMORE (AP)—A special Radcliffe, who is to introduce Menshikov.

The pickets have been directed from Lithuanian Hall. Many have refused to identify themselves, saying they still have relatives behind the Iron Curtain.

Michels' law partners said yesterday that Michels has received protest telephone calls every 15 minutes for days, as well as "profane and abusive letters unsigned by the writers."

The partners, Gordon G. Murray and William Offit Doub, compared Michels' treatment to the recent attacks on Vice President Nixon in South America.

## Two-Year-Old Salisbury Youngster Dies In Freak Tricycle Mishap

SALISBURY (AP) — A 2-year-old Salisbury boy was killed yesterday in a freak accident while riding his tricycle.

The youngster, Billy Hill, was dead on arrival at Peninsula General Hospital after being run over by a truck.

Police said they were told Billy was on his tricycle, being pushed by an older boy. They came from behind a hedge and were moving across the sidewalk when Billy toppled off the bike and under the rear wheels of his vehicle passed over the boy's body.

By WILLIAM EWALD

NEW YORK — (UPI) — The West Coast of this nation has been creating quite a splash in the arts in the postwar period.

Morris Graves, Mark Tobey, Clyfford Still have become painters of international repute; writers and poets of the San Francisco school, however uneven in their merits, have collected carloads of publicity; and jazz, hot and cool, has had quite a whirl for itself from San Francisco to Hermosa Beach.

It's rather curious, therefore, that the west coast has contributed so few shows of real artistic merit to TV — obviously there is something more out there than orangeade and Muscle Beach. But then maybe it isn't too curious — the west coast TV product is, let's face it, largely in the hands of the Hollywood fast buck boys.

Last night here in New York and at some other ABC-TV stations, however, we were able to sample a non-fast buck West Coast TV product, "Stars of Jazz," via tape.

"Stars of Jazz" was spanked alive back in June, 1956, on a

Los Angeles outlet (KABC-TV) and, my ABC-TV informants assure me, it created quite a stir in its area. After watching last night's debut show here I can understand why.

of Hollywood fraidy-catness, vulgarity and overblownness. It is quite simply a jazz show and a very good one — stylish, loose and tasty.

Last night "shorty Rogers and his giants" (no, Virginia, Willie Mayn hasn't traded the whole band) and, from the other end of the

Miss Christy, of course, is one of a handful of really modish contemporary singers and her sieges against "I Want To Be Happy" and "That's All" last night were gassers. It's one of the proofs

As for Rogers, he needs no boost from me. He is an arranger of fertile mind and a trumpeter of exquisite skill and last night as helmsman of a big band, he

helped churn out a series of tangy morsels. A couple of other observations on the show: Its camera work is the best I've ever seen on a TV musical, flowing and inventive. And Bobby Troup, who acts as host-narrator, laces the show

If I have any complaint at all, it would center around the length of the show. At a half-hour it's much too short. ABC-TV would be wise to double its time.

Tonight's TV highlights: "Treasure Hunt" (NBC-TV). A moderately entertaining quiz which has been enlivened the past couple of weeks by a blonde contestant with impressive architecture. "The Investigator" (NBC-TV).

One hour mystery about the attempted gun-down of a gambling biggie. Last week's opening show was a bomb, but it's a live drama and you can't hardly get them no more. With Lonny Chapman, Shepperd Strudwick, Howard St. John, Jack Klugman.

**Pantomime Quiz** (ABC-TV). Dorothy Hart, the nation's most elegant charades player, assisted by a crew of fellow mimes of varying degrees of elegance.

## Shore Demo Certain Of Oyster Stand

BALTIMORE (AP)—An Eastern Shore Democrat says he is sure his party will not endorse more leasing of barren oyster bottoms to private interests.

Del. Lloyd L. Simpkins said yesterday he was "certain Maryland Democrats, who hold their convention here today, would approve 'no such radical plan on the oyster industry as has been inserted in the Republican platform."

He referred to the plank which was adopted Saturday at the State GOP convention. This plank (in Somerset) to declare he would resign as a candidate for re-election.

Simpkins is opposing Phoebeus for the State Senate seat in the November election.

"For the past eight years (in the House) I have led the fight in the Legislature against what the opposition party now advocates," Simpkins said, "and I will continue to do so."

Simpkins' statement was issued after he helped draft the Democratic platform. He said he had offered a plank favoring greater efforts to attract out-of-state tourists to Maryland.

## Three County Teachers End Careers

Three veteran teachers in the Allegany County school system retired today, Ralph R. Webster, superintendent, announced.

They are Miss Loretta McGeady, principal of Johnson Heights School; Miss Dora E. Richard, social studies teacher at Allegany High School; and Roger X. Day, of Beall High School, Frostburg.

Miss McGeady plans to take up residence at Severna Park where she has spent her summers the past eight years. Miss Richard said she will spend her time traveling, reading and doing church work.

Miss McGeady was graduated from both Frostburg State Teachers College and Columbia University. She did graduate work at the University of Maryland and Johns Hopkins University.

She has taught at Spring Gap, Oldtown, Pennsylvania Avenue (both elementary and junior high), and was the first principal of Johnson Heights. Later she became elementary supervisor for the Board of Education and then requested a principalship. She was assigned to Centre Street School where she served until 10 years ago when she returned to Johnson Heights. During her teaching career, Miss McGeady also taught two years at Towson State Teachers College.

Miss Richard is a lifelong teacher in county public schools. She taught at Town Creek, Ellerslie, Union Street, Greene Street Junior High and Allegany. She was graduated from Allegany, received her bachelor of arts degree at Western Maryland College and did graduate work at Columbia University and Chicago University.

Day began teaching in 1908 at Brunswick. He served as assistant principal, then principal at Brunswick, principal and teacher at Marlboro High School, principal at Thurmont and held principalships at Accident High School and Midland High and Junior High Schools. He went to Beall High School, Frostburg, as a teacher in 1941 and remained there until his retirement today. Day was graduated from Western Maryland College with an A. B. degree and did graduate work at Columbia University and the University of Maryland. He plans to spend his time working with furniture, in his yard and garden and playing Bridge, he said.

## State Demos Make Report On Expenses

BALTIMORE (AP) — Maryland's Democratic harmony ticket, led by J. Millard Tawes, spent \$149,946.37 in the campaign for the May 20 primary.

This was reported in a statement filed in Circuit Court yesterday by treasurer William F. Hugenberg.

The harmony slate of Tawes for governor, Thomas D'Alesandro for the U.S. Senate, Louis Goldstein for comptroller and Atty. Gen. C. Ferdinand Sybert swept to victory in the primary.

George P. Mahoney, who lost the senatorial nomination to D'Alesandro, reported in Baltimore County Circuit Court that he spent \$23,797.89 on his campaign. In the same court, a third Democratic senatorial candidate, Clarence Long, reported campaign expenditures of \$11,000.57.

## Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

New York, N. Y. (Special) — shrinks the swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion.

The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan® Tablets. Dristan Tablets cost only 98¢ for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities; relieve the pain and distress, or purchase price will be refunded.

Most remarkable of all is the fact that this is accomplished with extraordinary speed and without discomfort of any kind. This new tablet does its remarkable work internally, through the blood stream. It deposits into every drop of blood plasma a new medication which is carried to the sinus area, where it
